Subj: PROMULGATION OF VOLUMES I and II OF THE MANUAL OF NAVY ENLISTED MANPOWER AND PERSONNEL CLASSIFICATIONS AND OCCUPATIONAL STANDARDS, NAVPERS 18068F, OF JANUARY 2010

Ref: (a) OPNAVINST 1223.1B

1. In accordance with reference (a), Volume I of NAVPERS 18068F is the official manual of Navy Occupational Standards (OCCS'D) and Volume II is the official manual of Navy Enlisted Classifications (NE'). This edition includes the latest information available at the time of revision.

2. The manual's effectiveness in (1) occupationally defining the work performed by enlisted personnel and (2) providing correct and timely identification of skilled personnel and requirements depends upon the interactive support of all command echelons. Command are encouraged to forward recommendations for additions, deletions, or revisions.

3. The Bureau of Naval Personnel (BUPERS) CD-ROM will be distributed quarterly. Requests to have an activity added to the CD-ROM automated distribution list should be addressed to:

   Department of the Navy
   Navy Personnel Command
   Attn: PERS-532D
   5720 Integrity Drive
   Millington TN 38055-0532

   and contain the following pertinent information:

   Standard Navy Distribution List Number (SNDL)
   Activity Name, Acronym, and UIC
   Address
   Attention Code
   Point of Contact with phone number
   Number of CDs requested with justification

   E-mail address corrections to: BUPERS WEB/CD@navy.mil

   [Signature]

   DANIEL P. HOLLOWAY
   Rear Admiral, U.S. Navy
   Director, Manpower, Personnel, Training and Education Policy Division (N13)
SUMMARY OF CHANGES

The NEC manual is published quarterly (JAN, APR, JUL, and OCT) to provide updated NEC information in a timely manner. Changes (additions, deletions, revisions) to NECs identified by the code numbers listed below were made in this revision. Revised NECs are those for which a significant change was made (title change, description, course information, sequence code, source rating, component NEC, and note). Specific revisions to all chapters of the manual are identified with yellow shaded print.

CHAPTER I

INTRODUCTION TO THE NAVY ENLISTED CLASSIFICATION SYSTEM

A. PURPOSE

1. The Navy Enlisted Classification (NEC) system, of which the NEC coding system is a part, supplements the enlisted rating structure in identifying personnel on active or inactive duty and billets in manpower authorizations. NEC codes identify a non-rating wide skill, knowledge, aptitude, or qualification that must be documented to identify both people and billets for management purposes. Additionally, an NEC can be used to identify special circumstances or situations with approval via the NEOCS process.

2. The NEC coding system facilitates management control over enlisted skills by identifying billets and personnel and enhancing efficient use of personnel in distribution and detailing. In cases where NECs reflect special training, inventories of coded billets and coded personnel are also the basis for planning and controlling input of personnel into formal courses that earn NECs. Consequently, the continuing enlisted strength of the Navy, particularly petty officer allocations, and funds authorized for rating and specialty training depends, to an increasing extent, upon the accuracy, thoroughness, and timeliness of NEC coding. Personnel required to support ratings and special programs must be identified by the correct combinations of rates and/or NECs.

B. TYPES OF NECS

1. **Entry Series NECs** consist of Rating Conversion and Occupational Area - Defense Grouping (DG) NECs.

   a. Rating Conversion NECs identify aptitudes and qualifications not discernible from rates alone and are assigned to identify petty officers or identified strikers who are in training for change of rating or status under approved programs.

   b. Occupational Area - Defense Groupings (DG) NECs relate to groups of ratings for which there is an identification requirement. These NECs appear as DG-9700 through DG-9780, which reflect the location of Navy ratings in the Department of Defense Occupational Conversion Manual, Enlisted. The third digit in the codes specifies the DoD Occupational Area Grouping Code used in the DoD Occupational Conversion Manual. USN and USNR personnel in paygrades E-1 through E-3 (not already "rating associated" by rates or by striker identification) must be assigned an appropriate DG NEC that identifies and indicates that these individuals have received training, are in training, or have aptitude for training in the areas identified by the DG code.

2. **Rating Series NECs** relate to a limited number of specific ratings. Rating Series NECs identify special or unique billet requirements beyond the skill and knowledge that the general rating would provide. When assigned to an individual, Rating Series NECs show that the person has obtained certain skills or knowledge and is qualified for detailing to a billet requirement.

3. **Special Series NECs** have the same purpose as Rating Series NECs but in general, relate to an unlimited number of ratings.

4. **Alphanumeric NECs** are used to identify discrete skills and training levels when justified by the complexity of training and management requirements. Alphanumeric NECs require dedicated personnel support to monitor and manage because of the intricacies of coordinating resources and support systems.
Therefore, recommendations for alphanumeric NECs are to be submitted only through Warfare or Resource Sponsors after a development process that completely addresses all the elements required to make the program successful. These elements include:

a. Development of a training structure, in cooperation with appropriate training program coordinators.

b. A definite plan or program for tracking the inventory or requirements and personnel assets.

c. A commitment from the Warfare or Resource Sponsor to provide dedicated support personnel to management and monitoring of the program. Decisions on the feasibility of expanding use of alphanumeric NECs will be based on experience gained from the submarine community alphanumeric NECs. Use of alphanumeric NECs is limited to submarine ET and RM ratings and rating conversion NECs. Use of alphanumeric coding may be opened to other ratings only when all numeric codes have been depleted.

5. **Numerical NECs** not included in Rating Series or Special Series are grouped under EOD/DIVER/SEAL, Nuclear, Aircrew or Aircraft Systems Maintenance.

6. **Planning NECs** are NECs approved for planning purposes only and are listed in Chapter V of this manual. These NECs may be used in conjunction with Navy Training Plans, in developing planned training courses, and other applicable long-range projects. Planning NECs listed in Chapter V may be written in manpower authorizations to project requirements and used for other planning purposes; however, they are not assigned to personnel.

Submit requests for planning NECs to Commanding Officer, Navy Manpower Analysis Center (NAVMAC) (Code 10) via the chain of command. A request must include a proposed title, a ready-for-training date (actual or estimated), billet paygrades, and point of contact. Submit requests to convert approved Planning NECs to Rating or Special series NECs 180 days before the date the NEC is to be awarded (i.e., 180 days before completion of initial course or factory training). Appendix A identifies requirements for establishing new NECs.

C. **NEC CODE RELATIONSHIPS**

1. **Principal NECs** identify stand alone skills and may include skills or abilities identified by Component and/or Related NECs. To earn a Principal NEC that includes a Component NEC, an individual must either already be assigned the Component NEC(s) or be fully qualified for such assignment. When an individual earns a Principal NEC, the individual will not be coded with the Component NEC listed with the Principle NEC. Component NECs are removed from the Enlisted Master Record (EMR) when a principal NEC is awarded.

2. **Component NECs** are prerequisite qualifications for assignment of the Principal NEC. Chapter IV lists component NECs with the Principal NEC with which they are associated.

3. **Related NECs** identify qualifications generally similar to those of the Principal NEC but are not prerequisites for earning the Principal NEC. Chapter IV lists Related NECs with the Principal NEC with which they are associated and are shown for information purposes only.
4. **NEC Sequencing**

   a. **NAVMAC** (Code 10) has approval authority regarding the assignment of Sequence codes for proposed NECs. NAVMAC ensures adherence with established guidelines and will coordinate any exceptions with the ECM.

   b. Change of Sequence codes are handled as an NEC revision and staffed for concurrence from Primary Advisor, Technical Advisor and ECM.

   c. The primary consideration used to make a recommendation to determine assignment of a Sequence code is NEC seniority. An Operator NEC will have a “lower” position than a maintainer NEC; a basic maintainer/technician NEC will have a “lower” position than an advanced maintainer/technician and so on.

   d. Sequence codes (positions) will be determined using the following guidelines:

<table>
<thead>
<tr>
<th>Paygrade</th>
<th>Criteria</th>
<th>Position</th>
</tr>
</thead>
<tbody>
<tr>
<td>E1-E9</td>
<td>Entry Series or Conversion NECs only.</td>
<td>1 (1)</td>
</tr>
<tr>
<td>E3 to E9</td>
<td>Senior Enlisted experience and Specialized Skills NECs (i.e., 1332, 8300, 9580, SO, SB, EOD and ND PNECs).</td>
<td>2</td>
</tr>
<tr>
<td>E3/E8</td>
<td>Supervisor/Management; Advanced Technical and Operational/Fleet Critical NECs.</td>
<td>3</td>
</tr>
<tr>
<td>E3 to E8</td>
<td>Operator, Maintainer, Analyst NECs (Career).</td>
<td>4 (2)</td>
</tr>
<tr>
<td>E4/E5</td>
<td>Intermediate Level Technical, Operator/Maintainer NECs and Fleet Critical NECs (i.e., BM-0170 Surface Rescue Swimmer).</td>
<td>5</td>
</tr>
<tr>
<td>E3/4</td>
<td>First Tour/Initial NECs, Basic Operator, Organizational Maintenance.</td>
<td>6 (3)</td>
</tr>
<tr>
<td>Special Series NECs</td>
<td>Technical or Supervisor in nature. NECs that may be used again (i.e., Microminiature Repair, Instructor, Safety). or Non-Technical single-use NECs (i.e., Recruit Instructor, Correctional Counselor) and personnel as candidates or under training (i.e., 5301, 8201, 9901).</td>
<td>7</td>
</tr>
<tr>
<td>GSA/IA Expeditionary Forces</td>
<td>GWOT (Global War on Terrorism) Support Assignment (GSA)/Individual Augmentee and Expeditionary Forces NEC management.</td>
<td>9</td>
</tr>
</tbody>
</table>

Notes: Sequence Codes are determined by considering both Paygrade and Criteria to assign position (number).
1. Position 1 is reserved for Entry Series/Defense Grouping (DG) and Conversion NECs only. Entry Series/Defense Grouping NECs apply to non-designated personnel who have attended some type of rate group (i.e., Seaman, Airman, Fireman, Constructionman) familiarization training before reporting to the fleet. Conversion NECs identify Petty Officers or strikers who are in training for change of rate or status under approved programs.

2. NECs encompassing a broad range of paygrades (E3-E9) will have a Sequence Code assigned that reflects the paygrade level having the largest number of billets/requirement for that NEC.

3. When an NEC is a component of/or a building block to a more advanced NEC, the Sequence Code assigned to the component NEC will normally be assigned a “lower” position than the principle NEC.

4. In cases where an individual earns two or more NECs with the same sequence code number, the NEC code that the individual most recently qualified for will take precedence except in unusual circumstances. NEC sequence code numbers are shown in Chapter IV.

5. **Source Ratings** are listed with each Rating Series NEC.
   
   a. Rating Series NECs will be assigned only to personnel in designated source ratings or the apprenticeship rates and/or striker-identified rates applicable to a designated source rating including DG NEC-identified personnel leading to designated source ratings.

   b. Personnel should be nominated or sent to courses of instruction earning NECs only if they are in the proper source rating or apprenticeship.

   c. Personnel already specialized by a Rating Series NEC normally should not be nominated or sent to a course of instruction earning an additional NEC unless the course is a logical progression of the earlier specialty training, the NEC held embodies an outdated technology, or they are in an approved program for formal conversion to a new rating.

6. **Paygrade restrictions** for assignment of NECs to individuals and for application to billets are listed in Chapter IV. Refer to Chapter V for paygrade information for Planning Series NECs. Billet paygrades for NECs are provided as guidance in changing or recommending changes to Activity Manpower Document (AMD) or other enlisted manpower documents. The billet paygrade range information is based on one or more of the following:

   a. Personnel paygrade restrictions (see Chapter IV).

   b. Training course prerequisites contained in the Catalog of Navy Training Courses (CANTRAC) (NAVEDTRA 10500).

   c. Authoritative judgment obtained from BUPERS Enlisted Community Managers, Primary Rating Advisors, and others possessing specialized knowledge.

   d. Data provided in research studies and analyses.
D. NEC CODING USED IN MANPOWER, PERSONNEL AND TRAINING INFORMATION SYSTEM (MAPTIS)

1. An NEC is assigned to an individual when it is recorded in the Manpower, Personnel and Training Information System (MAPTIS). Page 4 service record entries reflect these authorized assignments as a 4-digit primary (PNEC) and a 4-digit secondary (SNEC) code. "0000" is used where no Entry, Rating, or Special Series NEC is assigned.

2. Entry Series NECs are always primary and are not removed until an individual has advanced to petty officer status, becomes an identified striker, or changes rating status.

3. Special Series NECs are always SNECs or lower.

4. Rating Series NECs are PNECs, SNECs, or lower (depending on the number of NECs earned by an individual) but may not replace an Entry Series NEC unless the individual has advanced to petty officer status, has become an identified striker, or has changed rating status.

E. APPLICABLE COURSES AND ON-THE-JOB TRAINING

Formal courses of instruction, satisfactory completion of which will earn an NEC, are listed in Chapter IV with the applicable NEC. If a formal course is mandatory for earning an NEC, it will be shown in Chapter IV. Chapter IV will also show if a NEC may be awarded through on-the-job training (OJT) or, if appropriate, through factory training. See NEC assignment information for personnel (Chapter IV paragraph B.4) for additional information on recommending personnel for NECs based on OJT.
CHAPTER II
RESPONSIBILITIES AND PROCEDURES

A. AUTHORITIES AND RESPONSIBILITIES

1. **The Chief of Naval Personnel (NAVPERSCOM)** is responsible for the formulation and implementation of the NEC coding system and for maintaining technical control over the entire NEC system per MILPERSMAN. Authorities and responsibilities delegated by CHNAVPERS, as per MILPERSMAN 1221-010, are outlined below.

2. **The NEC Management Section (Pers-4013)** is responsible for administering the NEC coding system for enlisted personnel not on active duty. In this regard, the Commander, Navy Reserve Forces Command and the Navy Reserve Readiness Commanders will continue to monitor NEC coding efforts by inspections and through the Reserve Pay and Personnel Services. This includes Conversion NEC assignments and cancellations.

3. **The NEC Management Section (Pers-4013)**, in coordination with the Chief of Naval Personnel (CHNAVPERS), is responsible for effective use of NEC information in the distribution, placement, and detailing of enlisted personnel.

4. **Commands conducting courses of instruction** that award NECs are responsible for reporting on students per NETCINST 1510.1 series.

5. **Enlisted Classification Units**, under the technical direction of the NAVPERS, are responsible for reviewing NECs, correcting DG Codes where necessary, and recommending coding assignments or cancellations directly to Pers-4013D2.

6. **All commands** are responsible to ensure that only personnel in proper source ratings are afforded training in NEC specialties, for making recommendations for NEC identification of billets in their manpower authorizations, assigning or changing DG NECs per this manual, and recommending assignment or cancellation of all other NECs per this manual.

B. INSTRUCTIONS FOR ASSIGNING AND CANCELING NECS

1. **NECs (except Defense Grouping NECs)**, may be assigned or canceled as follows:

   a. By commands conducting formal courses of instruction submitting reports per NETCINST 1510.1 series.

   b. By Enlisted Classification Units submitting recommendations to Pers-4013D2 for accessions to active duty.

   c. By the NEC Management Section (Pers-4013) for active duty personnel.

   (1) Assigning NECs to personnel through on-the-job training or where not otherwise reported via the Corporate enterprise Training Activity Resource System (CeTARS).
(2) Coordinating requests to waiver NEC award requirements with CNO (N132) cognizant Enlisted Community Manager, as appropriate.

d. By the NEC Management Section (Pers-4013) for inactive duty personnel based on recommendations received from Navy Reserve Commands and Units via their echelon IV.

e. An individual's NEC assignments, as authorized above, are those recorded in MAPTIS. When notified of changes by receipt of completed NAVPERS 1221/6, commands will record these changes on page 4 NAVPERS 1070/604 service record entry using award date indicated on NAVPERS 1221/6. Do not report NEC assignments to Pers-4013D2 by personnel diary.

2. **Defense Grouping NECs.** Individual commands and drilling units are directly responsible for assigning and changing DG NEC codes as follows:

a. For personnel in paygrades E-1, E-2, and E-3 who are not identified strikers or are not in the HM apprenticeship rates:

   (1) Assignment may be changed to another DG NEC but may never be replaced with "0000".

   (2) Personnel in Class A level training who were assigned DG NECs as recruit graduates do not have to be recoded while undergoing courses of instruction, unless disenrolled.

b. In the above cases, record the DG NEC code assignment or change by a page 4 service record entry and report this assignment or change by a personnel diary or RESFIRST NEC entry. All eight digits must be reported.

c. If an individual with an Entry Series code holds a Rating Series code, the NEC code may be changed only by submitting an NAVPERS 1221/6 to the NEC Management Section (Pers-4013). This exception does not apply to an individual holding a Special Series code.

d. For personnel holding DG NECs who become identified strikers or petty officers:

   (1) Cancel DG NEC by page 4 service record entry.

   (2) Do not report cancellation of DG NEC by personnel diary or NSIPS entry. These NEC codes will be automatically canceled in the Manpower, Personnel and Management Information System (MAPMIS) when the correct rate change or advancement is reported and accepted by CHNAVPERS or NEC Management Section (Pers-4013) as appropriate. Canceled codes will continue to appear on at least one EDVR or in NSIPS pending adjustment of NECs.

3. **NECs for Personnel.** Individual commands and drilling units are responsible for recommending assignment or cancellation of all NECs other than Entry Series NECs as follows:

a. **Active Duty**

   (1) USN and USNR, including TAR: to Commanding Officer, Enlisted Personnel Management Center (Code 49).

   (2) Exceptions to the normal award criteria, including waivers, are to be requested from PERS-4013D2 via endorsing commands per current OPNAV and NAVPERS instructions or as noted in Chapter IV of this manual as a specific note to that NEC. Chief of Naval Operations, Head Enlisted
Community Management (N32) will provide policy guidance to Pers-4013D2 concerning NEC removals and award criteria. Exceptions include:

(a) Nuclear Propulsion Plant Operator (33XX): OPNAVINST 1220.1 (series) (NOTAL) contains amplifying instructions and additional criteria for removing or changing NECs used to designate personnel trained as Nuclear Propulsion Plant Operators (Surface and Submarine). Submit NAVPERS 1221/6 for these personnel directly to CNO (N132).

(b) Remove submarine related NECs via Head, Nuclear Power/Submarine Assignment Branch (Pers-403). Of special note, submarine disqualifications and reinstatements will be per the MILPERSMAN 1306-418 and 1220-040, with Pers-403 as the final adjudicator.

(c) HM NEC removals and waivers of mandatory courses of instruction will in all cases be forwarded by Pers-4013D2 to CNO (N13) for adjudication.

1. HM personnel holding an NEC beyond the prescribed paygrade cap will not have their NEC removed without CNO (N132) approval. This is to facilitate the management of critical specialties as the inventory paygrade ceilings transition to match billet paygrade ceilings while ensuring the strength of each community adequately sustains mission requirements.

2. HM personnel who lose their NEC for misperformance or disciplinary reasons will have the NEC removed from the Enlisted Master Record. Commands are required to provide appropriate supporting documentation, (i.e., special evaluation). NEC removals should not be used in place of administrative separation proceedings or forced conversions.

3. Certification/recertification of clinical proficiency is the responsibility of the member. Failure to attain and maintain clinical proficiency is ground for NEC removal, loss of remaining SRB entitlement, and reassignment as an HM "0000."

NOTE: With current policies and instructions in place to establish the validity of an individual's NEC qualifications, the via endorsement will be the determining factor in the award or removal of the NEC from the individual's Enlisted Master Record.

b. Inactive Duty

1. All Rating Conversion codes: to the Commanding Officer, Enlisted Placement Management Center via cognizant Naval Reserve Readiness Commander or Chief, Naval Reserve as appropriate.

2. Intelligence Specialist personnel in paygrades E-7 and below: to Naval Intelligence Command (NIC-13), 4600 Silver Hill Road, Washington, D.C. 20389-5000 via Commanding Officer with the following documentation:

(a) Inactive Navy Enlisted Classification Code Change Recommendation (NAVPERS 1221/6).

(b) Certified copies of last three enlisted evaluations.

(c) All Navy Occupational, Training and Awards History (NAVPERS 1070/604 Rev 11-81).
(3) Restricted NECs (Non-traditional training or experience): to the Commanding Officer, Enlisted Placement Management Center via cognizant Naval Reserve Readiness Commander/ISIC and Chief of Naval Reserve with the following documentation:

(a) Inactive Navy Enlisted Classification Code Change Recommendation (NAVPERS 1221/6) including justification for assignment of requested NEC.

(b) Certified copies of substantiating documentation (degree, vocational certificates, professional licenses, etc.).

(c) Current job description if NEC requested is based on civilian work experience.

(4) NPC (PERS-4013) will take appropriate action upon receipt and if applicable forward the package, including coordination of request to waiver NEC requirements with CNO (N13) cognizant Enlisted Community Managers, to the program Technical Advisor for final determination or certification.

C. GENERAL ASSIGNMENT AND CANCELLATION INFORMATION

1. Personnel are automatically assigned NECs upon satisfactory completion of applicable courses through the Corporate enterprise Training Activity Resource System (CeTARS) as outlined in NETCINST 1510.10 (series). This ensures faster NEC assignments and reduces paperwork at the command level. NECs earned through OJT and factory training are not automatically assigned, therefore, increased command attention is required to recommend fully qualified personnel for these NECs. In those cases where NEC assignments are not restricted to mandatory completion of applicable courses or factory training, recommendations can and should be forwarded for assignment of NECs based on OJT. The length of OJT is normally at the discretion of individual commanding officers, however, six to twelve months, depending on the complexity of the NEC, should be considered minimum. Specific requirements for NECs are listed in Chapter IV as "NOTES" under an NEC or NEC group heading. Commanding Officers must ensure that these specific requirements, including any component NECs, are successfully completed.

2. Individuals must either hold or be qualified to hold the component NECs. To recommend personnel for an NEC use the Navy Enlisted Classification Code Change Recommendation (NAVPERS 1221/6) for active and inactive duty personnel. See Appendix A for additional information and instructions for NEC recommendations.

3. When recommending new NEC assignments, review qualifications for NECs presently held and provide comment, particularly in those instances where a positive requirement exists for maintaining NEC qualifications in accordance with established criteria, (e.g., Aircrewman qualifications).

4. Close command attention is required for recommending cancellation of NECs. This requires command recommendations to cancel NEC assignments in cases where enlisted personnel do not perform their NEC duties satisfactorily, normally within six months after reporting aboard. Failure to recommend NEC cancellation may result in these unqualified or unsatisfactory performers being reassigned under the NEC, possibly resulting in manning or readiness problems for a new command or in the failure to assign sufficient qualified personnel to current command.

Note: Appendix A provides instructions on how to prepare and submit recommendations for establishing, deleting, or revising NEC codes.
D. COMMAND REQUESTED BILLET NEC CHANGES

1. Procedures are specifically noted in the Manual of Navy Total Forces Manpower Policies and Procedures (OPNAVINST 1000.16 series). The specific information required and format to be followed for each situation is provided in detail.

2. Of special interest, the Activity Manpower Document Short-format Change Request applies to NEC changes being requested for authorized billets. The request format is found in OPNAVINST 1000.16 and applies to military ships and squadrons only. It is provided for requesting minor changes to reduce the response time. The changes that may be requested by use of the short-format change request are restricted to:

   a. NEC changes for billets incident to authorized equipment changes. Not authorized using short-form change requests are changes for aircrew, instructor or counselor NECs.

   b. Correction of typographical errors noted in Manpower Authorizations, (i.e., billet titles).

3. Submit Activity Manpower Document (AMD) change requests to Navy Manpower Analysis Center (Code 20) via chain of command, (i.e., type commander/manpower claimant. Clearly substantiate the request and attach required supporting documentation.
CHAPTER III

NAVY RATINGS AND ENTRY SERIES NECS

Paragraph A of this section identifies the current Navy ratings. Paragraphs B and C identify the Entry Series NECs used by detailers and classifiers. There are two kinds of Entry Series NECs (1) Rating Conversion and (2) Occupational Area - Defense Grouping.

A. NAVY RATINGS

1. General Ratings (SECNAV Approved): Identify personnel from paygrades E-4 through E-9. They provide the primary means of identifying billet requirements and personnel qualifications. Each rating has a distinctive rating badge.

2. Service Ratings (CNO Approved): These are subdivisions of certain general ratings. Service Ratings identify required specialization and specific areas of qualifications in the utilization and training of personnel. The rating badge for a Service Rating is the same as that for the General Rating.

3. Compression Ratings: Identify the combining of several General or Service Ratings at paygrade E-9 to form broader career fields when the occupational content is similar. These ratings exist only at the E-9 level and are not identified previously as a General or Service Rating.

C. OCCUPATIONAL AREA - DEFENSE GROUPING NECs

Classifiers use Occupational Area - Defense Grouping NECs to identify individuals in paygrades E-1 to E-3 that have received training, are in training, or have an aptitude for training in one of the general Occupational Areas. Occupational Area - Defense Grouping NECs are as follows:

DG-9700 Infantry, Gun Crews, and Seamanship Specialists
Source ratings: BM QM SO ND SB

DG-9710 Electronic Equipment Repairman
Source ratings: ST FT MT ET AT CTM FC

DG-9720 Communications and Intelligence Specialists
Source ratings: OS IT IS AC AW CTI CTR CTT

DG-9730 Medical and Dental Specialists
Source ratings: HM

DG-9740 Other Technical and Allied Specialists
Source ratings: MU EA AG

DG-9750 Functional Support and Administration
Source ratings: AZ LN PC YN SK PS MC NC RP

DG-9760 Electrical/Mechanical Equipment Repairman
Source ratings: GM MN MM IC CM AD AO AB EN EM AE AM PR AS GS DC

DG-9770 Craftsman
Source ratings: MR HT CE EO BU SW UT

DG-9780 Service and Supply Handlers
Source ratings: SH MA CS

Note: The third digit in the DG Codes indicates the DoD Occupational Area Grouping Code.
CHAPTER IV

RATING SERIES AND SPECIAL SERIES NECs

A. PURPOSE

Rating series NECs are for a limited number of ratings and are used for billet requirements and personnel assignment. Rating series NECs identify billet requirements (skill/knowledge requirements) beyond the skill and knowledge that the general rating would provide. Rating series NECs are also assigned to an individual to show that the person has obtained certain skills or knowledge and is qualified for detailing to a billet requirement.

Special series NECs have the same purpose as Rating series NECs but in general, relate to a large number of ratings.

NECs throughout the manual are listed in numerical sequence and not by rating. Chapter 3, Rating Conversion NECs may be used as an index to help locate specific rating NECs.

Headings associated with NEC descriptions identified in this chapter are defined in paragraph B. Shaded print denotes a revision to a previous entry.

B. DEFINITIONS

1. SOURCE RATINGS. Ratings eligible for NEC award.

2. BILLET PAYGRADES. This information is presented as guidance in writing billets on Activity Manpower Document (AMD). Low/High paygrades reflect the lowest and highest paygrades that can be written for billets identified by the NEC. Commands requesting changes to manpower authorization should comply with these paygrade limits.

3. PERSONNEL PAYGRADES. The NEC may be assigned only to personnel in paygrades indicated.

4. COURSE. Identifies whether completion of a training course(s) is a mandatory requirement for assignment of the NEC or whether the NEC may be earned through OJT (On-the-Job-Training), i.e., based on qualification through on-the-job training). If the length of OJT is not specified, it shall normally be a minimum of six months.

5. COURSE IDENTIFICATION NUMBER (CIN). The Navy Course Identification Number (CIN) is obtained from Corporate enterprise Training Activity Resource System (CeTARS). An indicator P/L (Pipeline) next to CIN signifies that additional COI is required before NEC could be awarded. If blank, the NEC is awarded through a combination of one or more Component NECs or on-the-job training, or assignment of NEC has been discontinued.

6. COURSE DATA PROCESSING NUMBERS (CDPs) FROM CeTARS. CDPs are assigned to formal training courses included within CeTARS per NETCINST 1510.1 (series). They are used by the Bureau of Naval Personnel and training activities for reference purposes.

7. SEQUENCE CODE. The number that appears in this column (1 through 9) identifies the position of NECs on the Enlisted Distribution Verification Report (EDVR) section 8 and other documents used in personnel distribution. Appendix A, pg 2, Para 1.b provides guidance in determining assignment of Sequence codes.

8. NR IND (Reservist Indicator). The following letters are used to categorize the attainability of NECs by inactive duty Selected Reserve (SELRES) personnel, and the assignment of NECs to SELRES personnel and manpower requirements:

A: The NEC is attainable by SELRES, and is therefore assignable to SELRES personnel and manpower requirements with no restrictions. SELRES are able to complete training for the NEC within three years of normal inactive duty training cycles of 48 regular drills and two weeks Annual Training (AT) per year (Training Category (TRC) A). The NEC can be earned by the following means:

- Active Duty formal training courses that have not been modified or segmented into modules for SELRES applications,

- Segmented or modularized formal training courses that may be completed within three years of normal TRC A training cycles (Note 1),

- Specific civilian training/certification (Note 2), or

- On-the-job training (OJT) that can be completed within three years of normal TRC A training cycles (Note 2).

Additionally, NECs are assignable to SELRES manpower requirements if the formal courses of instruction that award the NEC will be modified to facilitate SELRES completion of all requirements for the NEC within three years of normal TRC A training cycles. The requirements for periodic recertification/requalification for the NEC cannot exceed a normal, annual TRC A training cycle (Note 1).
R: The NEC cannot normally be attained by SELRES within three years or normal TRC A training cycles, but is assignable with restrictions to SELRES manpower requirements if SELRES already holding a NEC in this category can maintain periodic recertification/requalification required for the NEC within a normal, annual TRC A training cycle (Note 3).

N: The NEC is not assignable to SELRES personnel or manpower requirements because periodic recertification/requalification for the NEC cannot be maintained by a SELRES during a normal, annual TRC A training cycle. Programming of SELRES manpower requirements with these NECs is not authorized (Note 4).

Note 1: A formal training course that awards the NEC or maintains recertification/requalification may be segmented into modules if recommended by COMNAVRESFOR (Code 04), approved by CNO (N7/CNET) and certified to be funded for segmentation by the appropriate OPNAV resource sponsor. If the training agent certifies that the training course will be online within one year, assignment of the NR IND of A is allowed.

Note 2: NECs will be awarded to SELRES personnel upon completion of civilian training courses leading to the awarding of a certificate, diploma or license, and for the completion of OJT when a waiver of formal training requirements has been requested and obtained from the appropriate training agent.

Note 3: NAVMAC (Code 20) will limit the number of SELRES manpower requirements with "R" NECs in the Total Force Management System (TFMMS) to 125% of the number of SELRES personnel in inventory holding the NEC. Requirements will be reviewed annually to ensure they do not exceed this limit, and reprogramming actions directed where necessary.

Note 4: NAVMAC (Code 20) will direct management actions to eliminate or preclude establishment of SELRES manpower requirements with "N" NECs.

Note 5: COMNAVRESFOR will annually review and coordinate the update of all SELRES NEC categories with appropriate NEC Advisors.

9. COMPONENT NEC. Prerequisite requirement for assignment of the principal NEC. A component NEC is removed once a principal NEC is assigned.

10. RELATED NEC. NEC that is not a prerequisite to the principal NEC, but is similar or identical with part or parts of a principal NEC.

11. OPEN TO WOMEN. Open: NEC is open to women. Closed: NEC is not open to women.

12. PRIMARY ADVISOR. The command or office with primary responsibility for the functional or mission area that a NEC is principally used. The Primary Advisor is concerned with all aspects of associated NECs.

13. TECHNICAL ADVISOR. The command or office having cognizance over the technical areas in which a NEC is principally used. The Technical Advisor is concerned with manpower or weapon system relationships and training requirements related to technical aspects of the NEC.

14. ECM/PERS. BUPERS code responsible for managing the "health and welfare" and career development plans of the enlisted ratings, rates and NECs within his/her purview.
C. NEC DESCRIPTIONS

00SM Signalman (SM) Tracking NEC - Effective 30SEP04

0CT0 Cryptologic Technician Communications (CTO) Tracking NEC - Effective 1MAR06

00DK Disbursing Clerk (DK) Tracking NEC - Effective 1OCT05

NOTE: NEC 00DT is a tracking NEC for personnel only and does not apply to billets.

0093 Combat Zone Injury-Hostile
Identifies Naval Personnel who suffer a hostile injury while serving in a Presidential approved combat operation or while deployed in an area that qualified for Combat Zone Tax exclusion.

Source Rating: ALL
Course: Billet Paygrades: Personnel Paygrades: E1-E9
Sequence Code: 8
Component NEC: Related NEC: Open to Women: Y es
Primary Advisor: NECC Technical Advisor: ECRC ECM: PERS-46

NOTE: NEC 0093 is a tracking NEC for personnel only, as approved by the NEOCS process.
0096 Combat Zone Injury-Illness, Non-Hostile
Identifies Naval Personnel who suffer a non-hostile injury or illness while serving in a Presidential approved combat operation or while deployed in an area that qualified for Combat Zone Tax exclusion.

Source Rating: ALL
Course: CIN:
Sequence Code: 8
Component NEC: NECC
Primary Advisor: NECC

Billet Paygrades: Personnel Paygrades: E1-E9
CIN:
NR Ind:
Open to Women: Yes

NOTE: NEC 0096 is a tracking NEC for personnel only, as approved by the NEOCS process.

0107 Minesweeping Boatswains Mate
Performs and supervises rigging, streaming and recovery of all minesweeping gear. Performs organizational level maintenance (less electrical) on minesweeping equipment.

Source Rating: MN
Course: Mandatory
Sequence Code: 6
Component NEC: 0169
Primary Advisor: OPNAV N85

Billet Paygrades: Personnel Paygrades: E3-E8
CIN: ESTB Date: REV Date: NR Ind:
Related NEC: Open to Women: Yes
Technical Advisor: NAVSEA 05

NOTE: NEC is considered adaptable to future employment of helicopter teams assigned a mission formerly performed by shipboard non-helicopter assisted minesweepers and the attendant crews.

BOATSWAIN'S MATE

BM-0160 Causeway Barge Ferry Pilot
Pilots Causeway Ferries up to 360 feet long for the ship-to-shore movement of equipment and cargo during assault follow-on logistics operations and Maritime Prepositioned Ship operations. Communicates piloting instructions to craft used for barge ferry propulsion. Directs ferries alongside ships for lift-on/lift-off operations. Directs ferry beaching and retraction.

Source Rating: BM, GM
Course: See Note
Sequence Code: 3
Component NEC: 0169
Primary Advisor: OPNAV N85

Billet Paygrades: Personnel Paygrades: E5-E9
CIN: ESTB Date: REV Date: NR Ind:
Related NEC: Open to Women: Yes
Technical Advisor: NAVFAC SSPO

NOTE: Course mandatory for naval reserve personnel. Active duty personnel may earn this NEC by completion of PQS/OJT or course completion.

BM-0161 Tugmaster
Operates YTM/YT tugs to assist in docking, undocking, dry-docking, and cold iron moves. Directs use of head, breast and power lines and stern tow makeups. Employs International and Inland Rules of the Road, navigational, visual, and radio communications procedures. Directs the operation and maintenance of engineering plant, deck machinery, firefighting and other emergency equipment. Assists in sea/air rescue and missions of mercy operations. Directs the movement of non-self-propelled Yard Craft within the boundaries of harbors, bays and sounds.

Source Rating: BM, QM
Course: OJT
Sequence Code: 2
Component NEC: 0169
Primary Advisor: CNO N865

Billet Paygrades: Personnel Paygrades: E6-E9
CIN: NR Ind:
Related NEC: Open to Women: Yes
Technical Advisor: NAVFAC SSPO

NOTE: Candidates for and personnel holding this NEC must meet and maintain qualification standards (including physical requirements) contained in OPNAVINST 3171.2.
BM-0164 Assault Boat Coxswain
Handles and beaches landing craft in assault waves. Supervises boat crew in hoisting and lowering operations. Handles all types of cargo including stowing in boat. Assists in salvage operation

Source Rating: BM  Billet Paygrades: E3-E6  Personnel Paygrades: E3-E9
Course:  CIN:  
Sequence Code:  5  CDP:  
Component NEC:  Related NEC:  Open to Women: Yes
Primary Advisor:  CNO N865  Technical Advisor:  NAVSEA 05  ECM:  BUPERS-322E

NOTE: NEC may be earned by OJT. If OJT experience supports NEC award, submit NAVPERS 1221/6 with documentation attached to PERS-4013D2.

BM-0167 LCAC Operator
Operates Landing Craft, Air Cushion (LCAC) vehicles in amphibious assault and training operations to and from LHA's, LHD's, LPD's, and LSD's and across surf and beach interfaces. Executes current amphibious assault tactics employing International and Inland Rules of the Road, navigation, and radio and visual communications procedures. Supervises LCAC crew in all phases of craft operation.

Source Rating: Open to All Ratings  Billet Paygrades: E7-E9  Personnel Paygrades: E6-E9
Course: Mandatory  CIN: K-062-0100  CDP: 0621, 424H
Sequence Code: 2  NR Ind: N
Component NEC:  Related NEC:  Open to Women: Yes
Primary Advisor:  CNO N865  Technical Advisor:  NAVSEA 05  ECM:  BUPERS-322E

NOTES:
1. A minimum ASVAB score of AR+MK+EI+GS = 204 is required for entry into the training courses. Interested candidates who meet the requisite ASVAB score should contact their detailer for nomination to the LCAC program. Pers-409 (Special Programs) will coordinate assignment with the appropriate detailer.
2. NEC Candidates must be physically qualified for special duty in accordance with the Manual of the Medical Department (NAVMED P117).
3. Successful completion of the Naval Aerospace Medical Research Laboratory (NAMRL) LCAC Operator Psychomotor Test is required prior to assignment to contractor training and course K-062-0100.
4. NEC candidates must be qualified as a second class swimmer in accordance with NAVPERS 15560C.

BM-0169 Causeway Barge Ferry Coxswain
Operates Causeway Section Powered and Improved Navy Lighterage Warping Tug with 360-degree water jet propulsion system in support of amphibious operations and Maritime Prepositioned Ship operations.

Source Rating: BM, GM  Billet Paygrades: E4-E6  Personnel Paygrades: E4-E6
Course: See Note  CIN: K-062-0011  CDP: 179Z, 647M
Sequence Code: 3  ESTB Date: REV Date: 8/19/09 (HPRR)  NR Ind: A
Component NEC:  Related NEC:  Open to Women: Yes
Primary Advisor: OPNAV N85  Technical Advisor: NAVFAC SSPO  ECM:  BUPERS-322E

NOTE: Course mandatory for naval reserve personnel. Active duty personnel may earn this NEC by completing applicable PQS/OJT or course completion.

BM-0170 Surface Rescue Swimmer
Performs duties as a rescue swimmer for recovery of personnel and equipment at sea.

Source Rating: All shipboard ratings  Billet Paygrades: E3-E9  Personnel Paygrades: E3-E9
Course: Mandatory  CIN: C-050-0500  CDP: 6952, 889Y
Sequence Code: 5  NR Ind: N
Component NEC:  Related NEC:  Open to Women: Yes
Primary Advisor:  CNO N865  Technical Advisor:  NAVSEA 05  ECM:  BUPERS-322E
**BM-0171 Landing Craft Utility Craftmaster**

Directs movement of Landing Craft Utility (LCU) in Amphibious assault operations. Directs docking and undocking in landing types (LHA, LHD, LPD, LSD), beaching and retracting, loading stowage, and security of equipment and supplies in the various ship and shore movement assault elements. Directs movement of craft employing Rules of the Road, electronic and visual navigation, and radio and visual communications procedures. Supervises LCU crew of 10 in all phases of craft operations and maintenance.

**Source Rating:** BM, OS, QM  
**Billet Paygrades:** E6-E9  
**Personnel Paygrades:** E6-E9  
**Course:**  
**Sequence Code:** 4  
**Component NEC:**  
**Primary Advisor:** CNO N85  
**Related NEC:** 0164  
**Open to Women:** Yes  
**ECM:** BUPERS-322E

**NOTE:** Must be ESWS qualified; second class swimmer per NAVPERS 15560C; no eval mark below 3.0 in the last 36 months; no record of NJP or financial problems in the last 36 months; minimum ASVAB WK+AR=104 (waiverable); no PRT failures in the past 36 months. Must be eligible for a secret clearance. Night blindness will be cause for rejection. Color Vision must pass the Farnsworth lantern test of 12 to 14 Pseudoisochromatic Plates (PIP). Member must have a 2-year obliserve requirement to be awarded the NEC. Submit NAVPERS 1221/6 with completed qualifications to PERS-4013 to be awarded this NEC.

**BM-0172 LCAC Loadmaster**

The Landing Craft Air Cushion Loadmaster is a critical crew position aboard the LCAC, constantly working with high technical and potentially dangerous high speed machinery. The Loadmaster is also responsible for loading and unloading various rolling stock within the United States Marine Corps inventory, and various miscellaneous rolling stock of other countries working with U.S. forces. The Loadmaster will be familiar with the ABS mission.

**Source Rating:** BM, GSM, GSE

Personnel Paygrades: E4-E9

Course: Mandatory

Sequence Code: 3

Component NEC:

Primary Advisor: CNO N865

Technical Advisor: NAVSEA 05

NOTES:
1. A minimum ASVAB score of AR+MK+EI+GS=204 is required for entry into the training courses. Interested candidates who meet the requisite ASVAB score should contact their detailer for nomination to the LCAC program. Pers-409 (Special Programs) will coordinate assignment with the appropriate detailer.
2. NEC candidates must be physically qualified for special duty with the Manual of the Medical Department (NAVMED P117).
3. NEC candidates must be qualified as a second class swimmer in accordance with NAVPERS 15560C.
4. Normal color perception required.
5. 20/20 vision correctable with normal depth perception.
6. Must be eligible for SECRET security clearance.

OS-0310 AEGIS Operations Specialist (CG 65-DDG 79) - NEC Deleted (Billets & Personnel recoded to 0000)

OS-0318 Radar Air Controller

Controls/supervises control of aircraft in tactical operations. Operates/supervises operation of radar, NTDS, communications and associated equipment in the exercise of air control functions. Participates in search and rescue and aircraft emergency operations. Ensures correct positioning of aircraft in specified areas, air corridors and approach or departure tunnels.

NOTE: Qualification, requalification and maintenance proficiency requirements for AIC, ASAC, AICS, ATACO, ASTAC and ASTACSUP personnel are set forth in OPNAVINST 1211.2 Series. Personnel who fail to maintain qualification through prescribed proficiency requirements are no longer eligible to retain the NEC. An NAVPERS 1221/6 will be submitted PERS-4013D2 for NEC removal. This NEC removal requirement is waived for a period of 36 months for those personnel who were previously qualified but subsequently transferred to shore duty. Personnel who requalify through formal training will have reestablished their qualification and award of the NEC.

OS-0318 Air Intercept Controller

Performs air intercept functions.

Source Rating: OS  
Billet Paygrades: E5-E6  
Personnel Paygrades: E5-E7

Course: Mandatory

Sequence Code: 3

Component NEC:

Primary Advisor: CNO N865

Technical Advisor: NAVSEA 05

ECM: BUPERS-322E
OS-0319 Supervisory Air Intercept Controller
Supervises performance of air intercepts. Reports and assists in resolving tracking confusion.

Source Rating: OS  
Billet Paygrades: E6-E9  
Personnel Paygrades: E6-E9
Course: Mandatory

NOTE: Personnel who have maintained their Air Controller proficiency as an ASTAC will continue to receive SDAP at the OS-0324 level as prescribed in BUPERS NAVADMIN.

OS-0325 AN/SSN-2(V)4 Operator
Operates the AN/SSN-2(V)4 Precise Integrated Navigation System (PINS). During mine hunting/sweeping operations, performs as a team member in the Mine Countermeasure (MCM) ship Combat Information Center (CIC) by providing precise navigation information and command and control functions such as ship's position, speed and direction, and location of mine-like objects using all available navigation and environmental sensors including sonar, surface radar, and ship's control displays. The AN/SSN-2(V)4 operator also maintains operator logs and ensures proper documentation of mission records.

NOTES:
1. Member must be a qualified proficient Level 3 ASTAC (IAW COMNAVAIRFOR/COMNAVSURFOR INST 1211.2) who can Fleet up to a Level 4.
2. A minimum of 3 years shipboard experience is required.
3. NEC is awarded based on advancement to E7 of personnel who hold NEC OS-0324. This will be an automatic NEC adjustment to identify senior leadership that previously held NEC OS-0324. NEC OS-0324 will be removed upon advancement to E7 except when service member is serving at sea under DNEC OS-0324. In this circumstance NEC OS-0324 will be replaced by NEC OS-0328 upon transfer to the next command.
4. Award of NEC to personnel in paygrades E-7 to E-9 that are ACC 100 shore duty as of 01 August 2008 will be handled on a case by case basis.

OS-0332 TOMAHAWK Weapon System (Surface) Operator

Operates the Operation Interactive Display Terminal (OIDT) consoles in the TOMAHAWK Weapon system (Surface) to control and monitor the targeting, pre-setting and launching of TOMAHAWK missiles. Conducts periodic data base updates. Stores and retrieves selected data and processes incoming operational data to provide a comprehensive surface display of the operational theater.

OS-0340 Global Command and Control System Common Operational Picture/Maritime 4.X (GCCS COP/M 4.X) Operator
Performs joint Services and Navy specific applications and processes. Manages C4I database management functions, communications operations, and Force Over the Horizon Track Coordinator (FOTC) functions. Maintains the Common Operating Picture (COP) and provides input to the Common Tactical Picture (CTP) at the unit, battle group, component commander, joint and coalition level. These functions are performed at both afloat and ashore commands.

STG-0415 AN/SQQ-89(V) 2/3/4/6/7/8/9/12 Passive Sonar Level II Technician/Operator
Performs organizational level maintenance on and operates sonar subsystems including; Integrated AN/SQR-19(V) Towed Array and AN/SQQ-28(V) Sonobouy Sensors, AN/UYQ-25A(V)2, AN/BQH-7A Oceanographic Data System, AN/SLQ-25A (NIXIE) and the AN/SQQ-89(V) OBT(V)-T. Identify acoustic signatures to source. Operates the following subsystems: AN/SQS-56 or AN/SQS-53B or AN/SQS-53C or AN/SQS-53D sonar and AN/UYQ-25A or AN/UYQ-25B.

Source Rating: STG  Billet Paygrades: E4-E8  Personnel Paygrades: E3-E8
Course: Mandatory  CIN: K-130-1135 (P/L)  CDP: 235N
Sequence Code: 5  K-130-1123  0612
Component NEC: 0406 or 0411  Related NEC:
Primary Advisor: CNO N865  Technical Advisor: NAVSEA 05 (PMS-411)  ECM: BUPERS-322D

NOTE: Personnel who previously completed CIN: K-130-1123 or K-130-0272 are eligible to be awarded NEC STG-0415.
**STS-0416 Acoustic Intelligence Specialist**
Performs independent duty afloat and ashore as an advisor to Commanding Officers and sonar organizations on acoustic intelligence matters. Reviews documentary, aural and graphically displayed sonar information. Determines nature and origin of acoustic intelligence and prepares acoustic reports. Assists in developing techniques for derivation of maximum information and intelligence value from acoustic data. Prepares and provides briefings and formalized training on acoustic intelligence and related matters.

Source Rating: STS, STG  
Billet Paygrades: E6-E9  
Personnel Paygrades: E6-E9
Course:  
Sequence Code: 2  
Component NEC: CNO N871B, N865  
Primary Advisor: CNO N871B, N865  
Technical Advisor: ONI  

NOTES:
1. Must be physically qualified to perform duty on board submarines. Personnel holding NEC ST-0416 are routinely assigned temporary additional duty (TAD) on board submarines during the qualification program and subsequent sea duty tour.
2. Personnel who are assigned to a billet other than an ST-0416 billet for more than a two year period must requalify at NAVTECHINTCEN prior to being reassigned to an ST-0416 billet. NAVTECHINTCEN will submit a NAVPERS 1221/6 to remove NEC ST-0416 for personnel who fail to qualify.
3. STS personnel must successfully complete a 15-18 month training program (at either UIC 32998, UIC 42914 or UIC 42916) and receive Board qualification at NAVTECHINTCEN for award of NEC ST-0416.
4. STG personnel must successfully complete a 15-18 month training program (at UIC 32998 or UIC 46089) and receive board qualification at NAVTECHINTCEN for award of NEC ST-0416.

**STS-0417 ASW Specialist**
Assists in planning and preparation for ASW/USW operations. Advises on ASW/USW tactics, ASW/USW system employment, ASW/USW weapons employment and threat interpretations. Analyzes and determines the classification of received acoustic signals. Evaluates target motion analysis and initial reconstruction. Directs the ship’s acoustic analysis training and qualification program.

Source Rating: STG

STG-0524 AN/SQQ-89A(V)15 Surface Ship USW Combat Systems Sensor Operator
Performs AN/SQQ-89A(V)15 system set-up and configuration procedures based on USW mission parameters. Operates the Acoustic Sensor Functional Segment (ASFS), Passive Acoustic Functional Segment (PAFS), LAMPS Sonobuoy Functional Segment (LSFS), Torpedo Recognition and Alertment Functional Segment (TRAFS), Sonar Performance Prediction Functional Segment-Sonar Tactical Decision Aid (SPPFS-STDA), and Common System Services Functional Segment (CSSFS) in all tactical situations to effectively detect, classify, localize, track and attack USW and small object contacts. Recognizes and interprets system alerts and degraded/casualty indications. Operates the System Resource Manager (SRM) to perform system reconfiguration, clear faults, or assist the maintenance technician with system troubleshooting.

Source Rating: STG

CDP: 02VV

NOTE: NEC 0524 is awarded upon completion of AN/SQQ-89A(V)15 Surface Ship USW Combat Systems Sensor Operator factory training.

STG-0525 AN/SQQ-89A(V)15 Surface Ship USW Combat Systems Maintenance Technician
Performs system light-off and shut-down, and organizational level maintenance on all AN/SQQ-89A(V)15 Functional Segments. Recognizes and interprets system alerts and degraded/casualty indications and malfunctions. Utilizes the System Resource Manager (SRM) built-in Performance Monitoring/Fault Detection/Fault Localization (PM/FD/FL) function to locate the correct faults to the Lowest Replaceable Unit (LRU). Performs preventive maintenance procedures as delineated in prescribed maintenance requirements documentation.

NOTES:
1. Member must attend NEC 0524 course of instruction prior to attending 0525 training.  
2. NEC 0525 is awarded upon completion of AN/SQQ-89A(V)15 Surface Ship USW Combat Systems Maintenance Technician factory training. Submit NAVPERS 1221-6 to PERS-4013D2 upon completion of training.
STG-0527 AN/SQQ-89A(V)15 Surface Ship USW Combat Systems Journeyman
Directs, coordinates, monitors, and manages the performance of AN/SQQ-89A(V)15 Sonar Control manned watch stations. Interprets sensor and support equipment outputs, recognizes and responds to environmental and tactical changes, and provides continuous tactical advice. Obtains and maintains a full understanding of the USW situation and makes effective use of the system's sensor and processing resources to achieve mission success. Performs all internal and external communications between the Sonar Control Watch Team and all other ship Watch Teams. In a duel role, operate the Undersea Warfare Control Functional Segment (UCFS) in all tactical situations to effectively classify, localize, track, and attack USW and small object contacts. Contact handling responsibilities include track management coordination including system-level add, merge and drop functions; working with the plotting team in developing TMA solutions; and coordinating contact classification changes between the Sonar Control and Combat Information Center teams. Fire control responsibilities include engagement planning and target prosecution using the Over-the-Side (OTS) torpedoes and VLS-launched ASROC (VLA). Recognizes and interprets system alerts and degraded/casualty indications. Operates the System Resource Manager (SRM) to perform system reconfiguration, clear faults, or assist the maintenance technician with UCFS troubleshooting.

FC-1121-1169 Automatic Gunfire Control Systems Technician
Performs preventive and corrective maintenance on assigned equipment at the organizational and/or intermediate level using ordnance publications, circuit diagrams, and other appropriate documentation. Performs casualty analysis and fault isolation, and operate, test, align and repair individual equipment, the system and the interface with other systems. Operates the director(s), computer(s), radar console(s) and associated equipment as applicable in support of the ship's weapons system in a tactical situation and during test and evaluation.

FC-1122 Phalanx Close-In Weapon System MK 15 MOD 21, 22, and 25 (BLOCK IB) Technician
Performs preventive and corrective maintenance on assigned equipment at the organizational and/or intermediate level using ordnance publications, circuit diagrams, and other appropriate documentation. Performs casualty analysis and fault isolation; operate, test, align and repair individual equipment, system and associated interfaces. Performs search, threat evaluation, acquisition, tracking, engagement and kill assessment of assigned targets. Operates Local Control Station (LCS), computer, Remote Control Station (RCS) and associated loading equipment as applicable in support of the ship's weapon system.

FC-1136 Tactical Tomahawk Weapon Control System (TTWCS) Operation and Maintenance (O&M) Technician
The TTWCS O&M Technician operates the Advanced Tomahawk Display Console (ATDC) to receive and process Mission Data Updates, Launch Sequencing Plans, Tasking Messages and Over the Horizon-Targeting Data Base related messages; prepares Engagement Plans for over water routes to fly missiles to preplanned land fall waypoints; performs missile selection, monitors missile alignment and launch system status; performs equipment monitoring, reconfiguration when casualty is experienced, fault isolation and repair of equipment utilizing system diagnostic software; performs Launch Platforms Mission Planning for Block III and Tactical Tomahawk missiles; performs and monitors post launch activities such as retargeting and mission flexing of missiles, receipt of enroute Battle Damage Indication Imagery (BDII) and health and status messages.

NOTE: Personnel who attended CIN: A-121-1334 Advanced Tomahawk Weapons Control Systems (ATWCS), Launcher Control Group-Replacement (LCGR), Operation and Maintenance will attend A-121-0016 ATWCS to TTWCS Maintenance and Operations Differences to earn NEC 1136.
FC-1139 GCS MK 160 MOD 8/OSS MK 46 MOD 1 Fire Control Technician
Performs planned and corrective maintenance on the Gun Computer System MK 160 MOD 8 and Optical Sight System MK 46 MOD 1 of the Gun Weapon System MK 34 MOD 1 at the organizational and intermediate levels. Performs casualty analysis, fault detection/isolation, modular replacement, repair, test and alignment of individual equipment using Built-In-Test Capability. Operates the GCS Gun Console (GC) and OSS Control and Display (CDC) consoles and associated equipment in support of the ship's combat weapon system in a tactical situation and during test and evaluation.

FC-1164 Ship Self Defense System (SSDS) MK1 Maintenance Technician
Performs documented organizational-level, preventive and corrective maintenance, under supervision, on SSDS MK1 equipment. The SSDS MK 1 Maintenance Technician will be responsible for alignment, adjustment, configuration, removal, and replacement to the lowest replaceable unit. The Maintenance Technician will perform diagnostic testing and system validation of the LAN and associated equipment as described in system or equipment technical documentation. The SSDS MK 1 Maintenance Technician prepares SSDS MK 1 for tactical, training, or testing operations and monitors system performance during operations. SSDS MK 1 equipment consists of the OK-644(V) Command Control Group, Single and Multi LAN Access Unit (LAU) Cabinets (SLCs and MLCs), Large Screen Projectors, Fiber Optic Data Distribution and ETHERNET interfaces, and associated File Servers and Application Processors. Personnel holding this NEC will direct or perform maintenance activities that may affect the operating system such as using UNIX (HP-UX) networking utilities and commands needed to support the maintenance philosophy.

ECM: BUPERS 323
FC-1331 AEGIS Weapons System Technician

Direct, coordinate and operate the AEGIS Weapons System including: SPY-1D(V), CND, WCS, ADS, FCS, VLS, SM2, ORTS, ACTS and AEGIS Combat System (ACS) interfaces via local area networks (LANs) with other systems. Provide supervision and guidance for organizational maintenance through the element level technicians.

Source Rating: FC
Course: Mandatory
Sequence Code: 2
Component NEC: 1105 or 1107 or 1115 or 1119 or 1335 or 1336 or 1143 or 1144
Primary Advisor: CNO N865
Technical Advisor: NAVSEA 05

FC-1332 Over The Horizon-Targeting (OTH-T) Supervisor

OTH-T Supervisor ensures the integrity and functional operability of Tomahawk and associated interface systems for effective missile employment.

Source Rating: FC
Course: See Notes
Sequence Code: 3
Component NEC: 1110 or 1136
Primary Advisor: CNO N865
Technical Advisor: NAVSEA 05

NOTES:
1. This NEC may be earned by completion of three formal training courses:
   a. TTWCS Watch Officer CIN: A-121-0017
   b. OTH-T C4I Course CIN: K-2G-0127
   c. C4I Systems Engineering Course CIN: K-121-0181
      or TTWS-E Course CIN: K-221-0165
   Personnel who complete the three formal courses listed will be awarded NEC FC-1332. Submit NAVPERS 1221/6 to PERS-4013D2.
   2. Per guidance set forth in NTP S-30-9411, upon assignment to staff duty, (group and numbered fleets) NEC FC-1332 qualified personnel will attend two additional courses:
      a. TLAM Tactical Commanders Course CIN: K-2G-3005
      b. MDS Staff Employment Course CIN: J-2F-2100
      Prospective Staff Tomahawk Employment Assistants should utilize a “Functional Area Code” (FAC) in the manning requisition, requiring this additional training.

FC-1335 UYQ-70 Computer/Display LAN Technician

Performs preventive and corrective maintenance for the UYQ-70 Local Area Network (LAN), its interface and associated equipment. The technician will be responsible for alignment, adjustment, configuration, removal, replacement of the lowest replaceable unit to include diagnostic testing and system validation of the UYQ-70 LAN and all associated equipment. This equipment will include the ADS and CND UYQ-70 Consoles, X-STAB monitors, Bridge Routers to interface other LANs, Fiber Optic Data Distribution and ETHERNET interfaces and their associated File Servers and Application Processors, HP-UX and HP-RT. This will include the Unix networking utilities and commands needed to support the maintenance philosophy described above.

ECM: BUPERS-322D

NOTE: This NEC cannot normally be attained by SELRES within three years or normal TRCA training cycle. However, NEC is assignable with restrictions to SELRES manpower requirements if SELRES already holding NEC in this category can maintain periodic re-certification/recertification requirement for the NEC within a normal, annual TRCA training cycle.

ET-1646 FLTSATCOM (SSIXS-OPCONCEN) Maintenance Technician
Performs intermediate level maintenance on core SSIXS equipment and AN/USQ-XXX SSIXS II/SI SSIXS communications equipment consisting of existing ON-143(V)/USQ interconnecting group, MICROVAX II computer, RD-397/U perforated tape reader/punch, RD-585 UYK line printer, RA 60 disk drive and COMPAQ 386/16T computer, MXT 1200 keyboard printer and associated peripherals.

Source Rating: ET  
Course: Mandatory  
Sequence Code: 3  
Component NEC: CNO N6  
Technical Advisor: NETWARCOM N17 SPAWAR  
ECM: BUPERS-322D

ET-1654 Intelligence Center Maintenance Technician
Performs organizational level maintenance on all computer systems peripheral equipment installed in the Intelligence Centers on CV/CVN, LCC, LHA and LHD class ships and shore activities including Naval Intelligence Processing Systems (NIPS), Fleet Imagery Support Terminal (FIST), Prototype Ocean Surveillance Terminal (POST), AN/UYK-48 Analytical Photogrammetric Positioning System (APPS), AS-27B Module Image Interpretation System (MIIS), Tactical Air Mission Planning System (TAMPS), Microcomputer Maintenance, and Local Area Network (LAN)/System Interface.

Source Rating: ET  
Course: Mandatory

NOTE: NEC may be assigned to personnel who have completed on site JQRs and demonstrated the ability to operate Strategic SHF SATCOM Systems and Subsystems. Submit NAVPERS 12216 to PERS-4013D2 via Naval Computer and Telecommunications Command (N12). Include copies of applicable supporting documentation; service record page 4's, enlisted evaluations, CO/OIC’s recommendation.

### IT-2375 Tactical Support Communications (TSCOM M) Replacement Program System Operator

Utilizes a computer matrix exchange terminal to set up and operate various ASCOMM systems including ASW Centers Command and Control systems (ASWCCS), HF, UHF and satellite voice circuits, teletype circuits, and Data Link 11. Coordinates teletype and voice circuits with patrol aircraft and shore sites. Operates VP Broadcast, records air-to-ground communications and briefs/debriefs aircrews. Operates various receivers, transmitters, modems, multiplexers, computer operated remote control and message processing systems, interconnecting groups, switching devices and cryptographic equipment. Utilizes a chirpsounder with associated frequency management terminal to maintain effective communications.

RELIGIOUS PROGRAM SPECIALIST

RP-2401 Marine Basic Combat Skills Specialist
Provides physical security for chaplains assigned to Marine units afloat and ashore during field exercises and in combat.

Source Rating: RP
Course: Mandatory
Sequence Code: 4
Component NEC: Related NEC:
Primary Advisor: CNO N972
Technical Advisor: CNO N097M

NOTES:
1. NEC may be awarded upon successful completion of Chaplain/RP Expeditionary Skills Training (CREST) course. Additionally, the NEC may be awarded to RPs who laterally convert from the Marine Corps.
2. RP personnel must be advised of Marine Corps standards for appearance and fitness. Personnel must pass a color blindness screening, and a valid driver's license is required to operate a tactical vehicle.
3. CREST replaces Marine Combat Training (MCT).

YEOMAN

YN-2514 Flag Officer Writer
Serves on the personal staffs of Flag and General Officers, and certain other senior officers in command positions at sea and ashore. Must be able to function independently and carry out required duties. Must be able to draft personal and professional correspondence; act on matters of social usage, protocol, honors and ceremonies; prepare and liquidate travel orders; and prepare Officer Reports of Fitness. Individuals serve in a highly visible position and must conduct themselves in a professional manner at all times. Additionally, members will be required to satisfactorily meet any additional requirements of the Flag Officer.

Source Rating: YN
Course: See Note
Sequence Code: 3
Component NEC: Related NEC:
Primary Advisor: Pers-44ES1
Technical Advisor: Pers-44ES1

NOTE: The YN-2514 NEC will be awarded upon successful completion of the five-week Navy Flag Officer Writer Course, A-511-0015. All requests will be sent to PERS-405C for review and forwarded to ECM (PERS-44ES1) and BUPERS 328D for approval.

PS-2612 Classification Interviewer
Interviews enlisted personnel to obtain information for classification purposes. Determines educational and occupational background, hobbies, abilities, and interests of personnel. Administers and scores basic battery and other classification tests. Screens personnel for special billets or training assignments.

Source Rating: PS
Course: Mandatory
Sequence Code: 3
Component NEC: Related NEC:
Primary Advisor: Pers-405C, Pers-231
Technical Advisor: Pers-405C

NOTE: The PS-2612 NEC will be awarded upon successful completion of the five-week Classification Interviewer Course. All requests will be sent to PERS-405C for review and forwarded to ECM (PERS-44ES1) and BUPERS 328D for approval.
INFORMATION SYSTEMS TECHNICIAN 2709 - 2782

IT-2709 Joint Force Air Component Commander (JFACC) System Administrator
JFACC System Administrator for Joint Standard Air Operations Software, comprised of either: 1) Contingency Theater Automated Planning System, or 2) joint-service portions of Theater Battle Management Core Systems. Uses advanced skills in Unix and TCP/IP networking to maintain a complex array of government and commercial software. Administers multiple databases; remotely coordinates configuration of distant systems; manages user accounts, permissions and profiles; and assists users. Monitors and troubleshoots the data interfaces with all external systems; and assists the administrators for those systems. Diagnoses errors down to sub-application or segment level. Follows complicated directions from remote service technicians to assist in major troubleshooting and repairs.

MT-3312 Missile Technician Trident II SWS D-5 BACKFIT
Operates and performs organizational and/or intermediate level maintenance on the TRIDENT II (D-5) Backfit weapons system, fire control subsystems, missile subsystems, launcher subsystems, and associated support and test equipment. Performs operational readiness test of systems and adheres to safety precautions applicable to missile explosive devices, missile hydraulics and missile testing. Participates in missile handling evolutions.

Source Rating: MT  Billet Paygrades: E3-E9  Personnel Paygrades: E3-E9

NOTE: Projected last convening of A-121-0085 is in FY 2011, and deletion of NEC MT-3312 is projected to occur in FY 2017.
MT-3320 Nuclear Weapons Specialist (NWS)
Performs depot level maintenance on nuclear weapons. Encompasses three critical nuclear ordnance skill areas, Vertical Missile Packaging Branch (VMPB) Mate/Demate Technician, Service Unit Technician and Limit Life Component Exchange (LLCE) Technician. The VMPB Mate/Demate and Service Unit Technician perform handling, mating/demating, packaging/unpackaging and inspections of Re-entry Bodies (REB’s). The LLCE Technician performs REB handling, packaging/unpackaging, inspections testing, and maintenance and replacement of REB limited life components. These skills are not provided by any of the source rating skills.

NOTE: Previously qualified for any 335X/336X NEC but not currently assigned to a nuclear propulsion plant billet associated with the supervision, operation, and maintenance of a nuclear propulsion plant. NEC assignment determined by Chief of Naval Operations (N13). NAVMILPERSCOM INSTRUCTION 1540.1 Series and OPNAVINST 1220.1 Series (NOTAL) apply.
3363-3366 Submarine Nuclear Propulsion Plant Supervisors
Fully qualified by virtue of seniority, experience and demonstrated proficiency (including specified watchstation qualification) to supervise the operation and maintenance of a submarine nuclear propulsion plant.

NOTES:
1. Assigned upon recommendation by the Commanding Officer to Petty Officers Second Class and above who have completed six or more years active naval service and are currently qualified the specified watchstations. For paygrade E-5, the Commanding Officer should ensure all military and professional requirements for advancement to E-6 are completed before forwarding recommendation. (Include watchstation qualification dates and completion of advancement requirements on NAVPERS 1221/6.)
2. Members serving in senior nuclear billets (NEC 336X) at commands where the specified watchstations do not exist are considered to have satisfied the watch qualification criteria if they were previously qualified on the required watchstations. Personnel who are advanced to CPO while serving at these commands may continue to be eligible for NEC 336X based on previous attainment of watchstation qualification required for paygrade E-6. In all cases, previous watchstation qualification must be documented in the member's service record.
3. Members with NEC 336X who are transferred to a nuclear powered ship and assigned in a senior nuclear billet will retain NEC 336X for a maximum of six months. If the member has requalified in the applicable watchstations, NEC 336X may be retained. If the member has not requalified in six months, the Commanding Officer is directed to recommend a change in NEC 336X to 335X or removal of NEC as appropriate. (See OPNAVINST 1220.1 Series for guidance.)
4. First Class Petty Officers with NEC 336X attached to nuclear powered ships who are advanced to CPO will retain their NEC while completing qualification as Engineering Watch Supervisor. OPNAVINST 1220.1 Series (NOTAL) specifies time limits for attainment of required watchstation qualification.
5. Members with NEC 3359 who are scheduled to be transferred to a nuclear powered ship are screened by Bureau of Naval Personnel (N13) per NAVMILPERSCOM INSTRUCTION 1540.1 Series. Based upon this screening, NEC 335X or NEC 336X will be assigned. Bureau of Naval Personnel (N13) will specify requalification time limits for the individual by letter to his commanding officer. NAVMILPERSCOM INSTRUCTION 1540.1 Series and OPNAV INSTRUCTION 1220.1 Series (NOTAL) apply. Commanding Officers should recommend NEC change to 335X as a step toward possible NEC removal recommendation when personnel with 336X are delinquent in requalification. (See OPNAVINST 1220.1 Series of guidance.)
6. Commanding Officers shall recommend NEC 335X in the case of those members with NEC 336X who are unable to maintain the necessary proficiency and leadership skills for continued assignment in senior nuclear power supervisor positions but who are still considered satisfactory nuclear propulsion plant operators. Those personnel who are unable to regain the necessary proficiency and leadership skills for supervisory positions should be considered for removal of their nuclear operator NEC 335X. (See OPNAVINST 1220.1 Series of guidance.)
7. On each ship there may be a few, singularly outstanding individuals who have clearly demonstrated that they are able to be effective supervisors prior to having six years time in service. In order to recognize the exceptional performance of these individuals, Commanding Officers may recommend a waiver of the six year time in service requirement to a minimum of five years time in service for supervisory NEC (336X). This recommendation will be on a case basis for those individuals who, in addition to meeting the requirements of paygrade, technical ability, and leadership, have qualified as Engineering Watch Supervisor (EWS). The waiver of the time in service requires the approval of the Bureau of Naval Personnel (N13).
8. Submit recommendations for change or removal of NECs for Enlisted Nuclear Propulsion Operators to the Bureau of Naval Personnel (N13) who will resolve the NEC change recommendation. (See OPNAVINST 1220.1 Series for additional guidance.)

Technical Advisor: NAVSEA 05
Personnel Paygrades: E3-E9
NR Ind: N
Open to Women: Yes
ECM: N133D

NOTE: Previously qualified for any 338X/339X NEC but not currently assigned to a nuclear propulsion plant billet associated with the supervision, operation and maintenance of a nuclear propulsion plant. NEC assignment is determined by the Chief of Naval Operations (N13). NAVMILPERSCOMINST 1540.1 Series and OPNAVINST 1220.1 Series apply.
3393-3396 Surface Ship Nuclear Propulsion Plant Supervisors

Fully qualified by virtue of seniority, experience and demonstrated proficiency (including specified watchstation qualification) to supervise the operation and maintenance of surface ship nuclear propulsion plants.

NOTES:
1. Assigned upon recommendation by the Commanding Officer to Petty Officer Second Class and above who have completed six or more years active naval service and are currently qualified the specified watchstations. For paygrade E-5, the Commanding Officer should ensure all military and professional requirements for advancement to E-6 are completed before forwarding recommendation. (Include watchstation qualification dates and completion of advancement requirements on NAVPERS 1221/6.)
2. Members serving in senior nuclear billets (NEC 339X) at commands where the specified watchstations do not exist are considered to have satisfied the watch qualification criteria if they were previously qualified on the required watchstations. Personnel who are advanced to CPO while serving at these commands may continue to be eligible for NEC 339X based on previous attainment of watchstation qualification required for paygrade E-6. In all cases, previous watchstation qualification must be documented in the member's service record.
3. Members with NEC 339X who are transferred to a nuclear powered ship and assigned in a senior nuclear billet will retain NEC 339X for a maximum of six months. If the member has requalified on the applicable watchstations NEC 339X may be retained. If the member has not requalified in six months, the Commanding Officer is directed to recommend a change in NEC 339X to 338X or removal of NEC as appropriate. (See OPNAVINST 1220.1 Series for guidance.)
4. First Class Petty Officers with NEC 339X attached to nuclear powered ships who are advanced to CPO will retain their NEC while completing qualification as Engineering Watch Supervisor or Propulsion Plant Watch Supervisor. OPNAVINST 1220.1A (NOTAL) specifies time limits for attainment of required watchstation qualification. 
5. Members with NEC 3389 who are scheduled to be transferred to a nuclear powered ship are screened by Chief of Naval Operations (N13) per NAVMILPERSCOMINST 1540.1 Series. Based upon this screen, NEC 338X or NEC 339X will be assigned. Chief of Naval Operations (N13) will specify requalification time limits for the individual by letter to his Commanding Officer. NAVMILPERSCOMINST 1540.1 Series and OPNAVINST 1220.1 Series (NOTAL) apply. Commanding officers should recommend NEC change to 338X as a step toward possible NEC removal recommendation when personnel with NEC 339X are delinquent in requalification. (See OPNAVINST 1220.1 Series for guidance.)
6. Commanding Officers shall recommend NEC 338X in the case of those members with NEC 339X who are unable to maintain the necessary proficiency and leadership skills for continued assignment in senior nuclear power supervisory positions but who are still considered satisfactory nuclear propulsion plant operators. Those personnel who are unable to regain the necessary proficiency and leadership skills for supervisory positions should be considered for removal of their nuclear operator NEC 338X. (See OPNAVINST 1220.1 Series for guidance.)
7. On each ship there may be a few, singularly outstanding individuals who have clearly demonstrated that they are able to be effective supervisors prior to having six years time in service. In order to recognize the exceptional performance of these individuals, Commanding Officers may recommend a waiver of the six year time in service requirement to a minimum of five years time in service for supervisory NEC (339X). This recommendation will be on a case basis for those individuals who, in addition to meeting the requirements of paygrade, technical ability and leadership have qualified as Engineering Watch Supervisor (EWS) or Propulsion Plant Watch Supervisor (PPWS). The waiver of the time in service requires the approval of the Bureau of Naval Personnel (N13).
8. Submit recommendation for change or removal of NECs for Enlisted Nuclear Propulsion Operators to the Chief of Naval Operations (N13) who will resolve the NEC change recommendation. (See OPNAVINST 1220.1 Series for additional guidance.)

ECM: BUPERS-328C
CS-3530 Public Quarters Enlisted Aide Specialist
Responsible to Public Quarters operations. Prepares meals, coordinates quarters maintenance and performs official function planning duties in accordance with OPNAVINST 1306.3(Series). NEC holders adhere to protocol, etiquette and Flag Officer and General Officer public residence security requirements.

Source Rating: CS
Course: Mandatory
Sequence Code: 5
Component NEC: Related NEC:
Primary Advisor: PERS-44ES
Technical Advisor: PERS-44ES

Notes:
1. Member must have a minimum of a secret security clearance.
2. NEC will be awarded upon completion of the required course, completion of Enlisted Aide Personnel Qualification Standards, and completion of one year in a valid Enlisted Aide billet. Contact the Enlisted Aide Detailer for more information.

MUSCIAN

MU-3801-3815 Instrumentalists
Perform duties as instrumentalists on primary and/or secondary instrument(s) as members of authorized Navy bands. Maintain and make minor repairs to assigned musical instruments.

NOTES:
1. Must meet instrumental audition requirements for graduation from applicable course.
2. Flute/Piccolo Instrumentalists (M U-3801) and Clarinet Instrumentalists (M U-3803) must also qualify for and hold NEC M U-3805 as a secondary NEC. Saxophone Instrumentalists (M U-3805) must also qualify for and hold either M U-3801 or M U-3803 as a secondary NEC. Euphonium Instrumentalists (M U-3808) must also qualify for and hold M U-3809 as a secondary NEC.
3. Guitar Instrumentalists (M U-3812), Keyboard Instrumentalists (M U-3814), Electric Bass/String Bass Instrumentalists (M U-3815), and Vocalists/Entertainers (M U-3825) perform on auxiliary percussion instruments as required/directed.

MU-3855 Sound Reinforcement Technician
Designs, configures, and operates multi-amplifier concert sound reinforcement systems for use in public performances by official Navy bands. Technician qualifications include knowledge of acoustics, hearing conservation, simple repair of basic sound system cables, professional wired and wireless microphone systems (placement, sensitivity, directionality, and frequency response profiles), digital and analog signal processors, digital and analog mixing consoles (powered and non-powered), digital speaker management systems, use of multiple monitor mixes (both in-ear and on-stage monitors), loudspeakers (design, directivity, and sensitivity ratings), signal flow, and troubleshooting of complete sound reinforcement systems.

Source Rating: MU  
Course: Mandatory  
Sequence Code: 7  
Component NEC:  
Primary Advisor: PERS-4014  
Billet Paygrades: E4-E8  
Personnel Paygrades: E4-E8 

SPECIAL QUALS: Personnel must demonstrate competency in mixing techniques and have Bandmaster endorsement. At least one year of on-the-job training with a qualified Sound Reinforcement Technician is recommended prior to requesting course assignment. PERS-4014 will select best qualified candidates to attend course.
INTELLIGENCE SPECIALIST

IS-3910 Naval Imagery Interpreter
Interprets all-source imagery intelligence, uses an electric light table (ELT) to interpret imagery, operates digital imagery systems, identifies and measures objects of intelligence interest found in imagery, prepares imagery interpretation reports, and maintains files related to imagery interpretation. Analyzes full motion video, provides battle damage assessment and uses imagery to provide an accurate picture to the Tactical/Operational commander for Intelligence Preparation of the Battlespace.

Source Rating: IS  
Course: Mandatory  
Sequence Code: 4  
Component NEC:  
Primary Advisor: CNO N2  

NOTES:
1. NEC can be awarded to SELRES personnel who have completed specified training or who have completed a combination of training and specified experience as indicated below:
   a. U.S. Air Force Course X3ABR20630-001, X3ABR20630-002, X3ABR20630-003, R-242-0011-01 or R-242-0011-02 Goodfellow AFB, TX.
   b. U.S Army Course 242-96D10 (AIT), Ft Hauchuca, AZ.
   c. National Imagery and Mapping College, National Imagery Analysis Course A101 or 000743, Washington, DC.
2. Other documented imagery interpretation training received from a secondary school, university, or commercial course of instruction may qualify for NEC 3910 when coupled with extensive experience as outlined below.
   a. At least one tour of duty as an imagery interpreter while on active duty or,
   b. At least one year of civilian employment as an imagery interpreter or,
   c. At least 200 workdays of Active Duty for Training (ACDUTRA) and weekend drills where the primary duty was imagery interpretation
3. Reservists requesting the 3910 NEC submit NAVPERS 1221/6 form (Navy Enlisted Classification (NEC) Change Request)

   To: Commanding Officer, Enlisted Placement Management Center
   New Orleans, LA 70159-7900
   Via: Chief of Naval Operations (N2M)
   2000 Navy Pentagon
   Washington, DC 20350-2000

IS-3912 Expeditionary Warfare Intelligence Specialist
Provides comprehensive intelligence support to Special Operations Forces (SOF) and Expeditionary Warfare Operations (EWO). Performs analytical assessment, all-source fusion, mission planning, and threat analysis using standardized procedures in support of Special Operations and Expeditionary forces.

Source Rating: IS  
Course: Mandatory  
Sequence Code: 5  
Component NEC:  
Primary Advisor: CNO N2

Submit NAVPERS 1221/6 with Commanding Officer’s endorsement to NAVPERS-4013.

GS-4143 CG Smart Ship Engineering Control System Equipment (ECSE) Operator and Maintenance Technician
Provide personnel with information regarding engineering administrative programs necessary for performance as work center supervisor and with knowledge and skills required to perform organizational level maintenance on pumps, valves, hydraulic systems, fuel systems, lube oil systems, air systems, waste heat boilers and LM 2500/Allison gas turbine engines associated with the CG-47 Smart Ship class engineering plant.

Source Rating: GSM, GS
Course: See Description
Billet Paygrades: E4-E9
CIN: A-652-0364 (P/L)
Personnel Paygrades: E4-E9
CDP: 750G
Sequence Code: 3
Component NEC: Related NEC: Open to Women: Yes
Primary Advisor: CNO N869
Technical Advisor: NAVSEA 05
ECM: BUPERS-322

NOTES:
1. Personnel that are assigned to a CG-47 (smart ship) holding either GS-4124 or GS-4126 Gas Turbine Mechanical Technician, have a minimum of twelve (12) months CG-47 (smart ship) platform experience and completed local JQR for the propulsion control and electric generating system are, with Commanding Officer’s recommendation, eligible to apply for NEC GS-4143. Submit NAVPERS 1221/6 to PERS-4013D2.
2. Personnel who have completed A-652-0039 CG-47 Smart Ship Console Operator training or S-652-0041 AEGIS Smart Ship Engineering Control System Equipment (ECSE) operator and familiarization are immediately authorized to be awarded NEC GSM-4143. Submit NAVPERS 1221/6 with Commanding Officer’s endorsement to NAVPERS-4013D2.
MACHINIST'S MATE

MM-4201 Cryogenics Technician, Overseas Shore Based Equipment Operator/Maintainer
Operates, tests, inspects, and performs organizational and intermediate level maintenance on shore based (overseas) high and low pressure liquid oxygen and nitrogen generating plants in the manufacture of liquid oxygen and liquid nitrogen. Tests liquid oxygen and liquid nitrogen for purity and acetylene contamination. Performs required checks on O2/N2 compressed gas cylinders both prior to and after charging them to proper pressure. Operates and maintains mechanical refrigeration systems, reciprocating high pressure and centrifugal low pressure air compressors, cryo generators, vacuum pumps, and gaseous distribution systems. Detects, analyzes and corrects abnormal situations which may arise during operation of liquid oxygen/nitrogen generating plants.

Source Rating: MM  
Course: Mandatory  
Sequence Code: 3  
Component NEC: CNO N865  
Primary Advisor: CNO N865  
Technical Advisor: NAVSEA 05

MM-4204 Steam Propulsion Maintenance Supervisor
Supervises organizational level maintenance and conducts onboard maintenance training on conventional propulsion boilers, steam propulsion engines, forced draft blowers, associated machinery, ship service turbine generators (SSTG), steam plant controls/regulating components (less automatic boiler controls), supporting auxiliary equipment, valves and piping systems. Conducts equipment material inspections, identifies abnormal equipment conditions and initiates corrective action. Maintains a current inventory of all required maintenance/repair records, technical documentation, special tools and repair equipment.

Source Rating: MM  
Course: Mandatory  
Sequence Code: 3  
Component NEC: CNO N865  
Primary Advisor: CNO N865  
Technical Advisor: NAVSEA 05

MM-4206 Shipboard Engineering Plant Program Manager
Administers, manages and evaluates shipboard engineering programs. Recognizes engineering systems and major components external to the propulsion plant which comes under the cognizance of the Engineering Officer of the Watch (EOOW). Evaluates operating conditions and makes recommendations to the engineering officer.

Source Rating: MM, EM, EN, IC, GSE, GSM, GS  
Course: Mandatory  
Sequence Code: 3  
Component NEC: CNO N865  
Primary Advisor: CNO N865  
Technical Advisor: NAVSEA 05

NOTE: All E6 personnel in source ratings MM, EM, EN, IC, GSE, and GSM previously attending MM-4206 course of instruction (CIN: A-651-0110) are authorized to retain NEC 4206. No new assignments E6 personnel to MM-4206 positions are authorized as of July 2007.

MM-4208 Automated Electrolytic Oxygen Generator (AEOG) Maintenance Technician
Operates the Automated Electrolytic Oxygen Generator on board submarines.

Source Rating: MM, EM, ET  
Course: Mandatory  
Sequence Code: 5  
Component NEC: CNO N8779  
Primary Advisor: CNO N8779

MACHINERY REPAIRMAN

MR-4402 Advanced Machinery Repairman
Performs calculations using basic algebra and trigonometry to manufacture spur, helical, bevel gears, and worm/worm wheels. Manufacture and repair precision parts from blueprints utilizing tool and cutter grinders, surface grinders, cylinder grinders, universal milling machines, optical comparators, surface finish analyzer, disintegrators, vertical turret lathes, and horizontal boring mills. Understanding the nature and physical properties of metal and alloys with demonstration and practice in metal testing, identification and heat treating.

Source Rating: MR
Course: Mandatory
Sequence Code: 3
Component NEC: MR-4402
Primary Advisor: CNO N865
Billet Paygrades: E4-E6
CIN: A-702-0029 (P/L)

Open to Women: Yes
ECM: BUPERS-322
**MM-4503 Main Propulsion Steam Generating Plant Inspector**

Inspects material condition, monitors general readiness, and diagnoses improper operating procedures and equipment casualties/failures. Recommends operational and maintenance corrective measures. Details repairs of all marine main propulsion plant oilers, appurtenances, component systems or related automatic combustion and feedwater control systems, and steam generating plant ancillary equipment (feed and fuel pumps, forced draft lowers/superchargers, deaerating feed tanks, etc.). Evaluates boilerwater and feedwater test and treatment procedures, reviews associated operational and maintenance records and witnesses prescribed steam generating plant tests.

Source Rating: MM  
Course: Mandatory  
Sequence Code: 3

IC-4721 MK 19 Gyrocompass Systems Maintenance Technician
Operates, tests, and performs organizational and/or intermediate level maintenance on gyrocompasses and associated equipment.

Source Rating: IC, ET
Course: Course Mandatory
Sequence Code: 4
Component NEC: CNO N865
Primary Advisor: CNO N865

IC-4727 WSN-2 Stabilized Gyrocompass Technician
Operates and performs tests, fault isolation, calibration, and repair of the WSN-2 stabilized gyrocompass at the organizational level, using BITE and appropriate technical documentation.

Source Rating: IC, ET
Course: Mandatory
Sequence Code: 4
Component NEC: CNO N865
Primary Advisor: CNO N865

IC-4738 AN/USQ-82(V) Data Multiplex System Technician
Performs preventive and corrective maintenance on the AN/USQ-82(V) Data Multiplex System at the organizational level using self diagnostics and built-in test equipment, supported by appropriate technical documentation. Performs fault isolations, tests, aligns, calibrates, and replaces or repairs faulty individual components. Operates connected systems consoles during testing to ensure system connectivity.

Source Rating: IC
Course: Mandatory
Sequence Code: 4
Component NEC: CNO N865
Primary Advisor: CNO N865

IC-4740 Advanced Integrated Voice Communication Network (IVCN) Maintenance Technician
Performs organizational level maintenance on multi-node Definity G3 series or MultiVantage-based IVCN systems. Operates the IVCN system and performs System Administration functions for the computerized interior voice communication system equipment consisting of breaker panels, power supplies, power distribution unit, common control and matrix racks, switchboard, batteries, automatic dial terminals, sound-powered phone interface, and the Private Branch Exchange (PBX) Telecommunication switch. Requires advanced networking knowledge and skills necessary to set up and maintain S8700 Media Servers within a multi-node IVCN system, all interfaces, voice mail, call accounting, and integrated user terminal information. Requires advanced integration concepts of connectivity between distributed hardware and interfaces only applicable to multi-node systems. Isolates, identifies, and takes appropriate maintenance action through the utilization of online and offline tests, test equipment, and user complaints. Ensures 24-hour-a-day operation during ship readiness conditions I through V.

Source Rating: IC, ET
Course: Mandatory
Sequence Code: 4
Component NEC: CNO N865
Primary Advisor: OPNAV N86

IC-4741 Basic Integrated Voice Communication Network (IVCN) Maintenance Technician
Performs organizational level maintenance on single-node Definity G3 series or MultiVantage-based IVCN systems. Operates the IVCN system and performs System Administration functions for the computerized interior voice communication system equipment consisting of breaker panels, power supplies, power distribution unit, common control and matrix racks, switchboard, batteries, automatic dial terminals, sound-powered phone interface, and the Private Branch Exchange (PBX) Telecommunication switch. Requires basic networking knowledge and skills necessary to set up and maintain S8700 Media Servers within a single-node IVCN system, all interfaces, voice mail, call accounting, and integrated user terminal information. Isolates, identifies, and takes appropriate maintenance action through the utilization of on and off-line tests, test equipment, and user complaints. Ensures 24-hour-a-day operation during ship readiness conditions I through V.

NOTES: Naval Reservists can earn this NEC by satisfactorily completing the following procedures:
1. Application for NEC 4747 should be made to the Navy Broadcast Service (NBS) and must include:
   a. A certificate of completion of a minimum of two years vocational-technical education in broadcast engineering.
   b. Verification of two years current full-time experience in broadcast engineering.
   c. A two week AC DUTRA at NBS for evaluation and familiarization with Navy equipment.
   d. An AC DUTRA performance evaluation by a NBS activity.
2. Upon receipt of all items listed above, NBS will convene a board to consider application for NEC 4747. Upon determination that all requirements are satisfied, NBS will submit the appropriate documentation to PERS-4013D2 recommending award of the NEC.

IC-4749 Physical Security Equipment Maintenance Technician
Operates and performs preventive and corrective maintenance on remote sensor systems for physical security FFS-9V, FSS-10(V), Grass Valley CCTV subsystem, and Vindicator Digital monitoring systems.

ECM: BUPERS-322
When an HT who is not currently certified in specific NDT technique is assigned to a NDT billet, certification must be established in accordance with NAVSEA 05 250-1500-1 and NSTM CH 074 V2 within three months of reporting on board. If the inspector/examiner fails to recertify, a NAVPERS 1221/6 recommending removal of the specific NEC shall be submitted by the Commanding Officer. The NEC removal must cite the reason for the individual's failure to certify/recertify and whether the member has performed to the extent of his/her ability. If an extension of recertification time beyond three months is considered appropriate, the member's Commanding Officer shall submit a request for a maximum 3-month extension to CHNAVPERS (Pers-402). This request must discuss the reason for the extension. Subsequent to initial certification or recertification the inspector/examiner must maintain certification when assigned to an NDT billet regardless of the duties to which assigned. NECs 4942-4947 require certification. Submit NAVPERS 1221/6 to PERS-4013D2 with a verification copy attached. Addressed requests for examiner certification to:

(Nuclear NEC HT-4947) NAVSEA 05 Test Examiner Qualification Program P.O. Box 79 ZAP 55A West Mifflin, PA 15122-0079

5320-5328 Special Warfare Combatant Swimmers
NOTES:
1. Assignment of NECs 5323 and 5326 are contingent upon successful completion of BUD/S training, Army Basic Parachute Training and six months duty with a Special Warfare Team. For SDV personnel, this six month requirement begins upon reporting to SDV school or to an SDV team, whichever is earlier.
2. Recommendations for assignment or cancellation of NEC 532X will be made solely by a Special Warfare Team Commanding Officer based on an evaluation of an individual's operational performance and professional performance.
3. SEAL and SDV mission information is contained in the appropriate naval warfare publications, or may be made available on a need-to-know basis from CNO (N861).
4. See NAVMILPERSMAN 1220-100 for details on screening and qualifications.
5. Candidates may enter BUD/S training with current rate but must laterally convert to a rating listed in MILPERSMAN 1220-100 within 12 months of assignment of NEC 5323 or 5326.

5320 Basic Combatant Swimmer
Demolishes underwater and land objects and obstacles by the use of explosives. Possesses basics of underwater search, surveillance, beach reconnaissance, unconventional warfare, and basic qualifications in the operational use of all types of SCUBA.

Billet Paygrades: E3-E9
Personnel Paygrades: E3-E9
CIN: K-431-0040
CDP: 529R

NOTE: Candidates may enter SDV Pilot/Navigator/DDS Operator training with current rate, but must laterally convert to a rating listed in MILPERSMAN 1220-100 within 12 months of assignment of NEC 5323.

5326 Special Warfare Operator (SEAL)
Performs unconventional and special warfare operations in support of fleet, unified, and specified commanders. Collects hydrographic, terrain, and target intelligence in and from coastal, riverine, and other restricted water areas. Performs parachuting (static line and freefall) and demolition of explosives as an essential portion of assigned duties and is qualified in the operational use of all types of SCUBA.

Source Rating: mandatory
Course: Sequence Code: 2
Component NEC: 5320
Primary Advisor: CNO N851

Billet Paygrades: E3-E9
Personnel Paygrades: E3-E9
CIN: K-431-0059
CDP: 754F

NOTE:
1. Due to the length of the NEC 5323 qualification/training pipelines, SDV Team Commanding Officers may recommend NEC 5326 after 6 months on board.
2. Candidates may enter Combatant Swimmer training with current rate but must laterally convert to a rating listed in MILPERSMAN 1220-100 within 12 months of assignment of NEC 5326.

5328 Very Shallow Water Mine Countermeasures Operator (VSW MCM Operator)
Personnel holding VSW MCM Operator NEC perform VSW MCM advance force, pre-assault and post-assault operation in support of amphibious task force, mine countermeasures and other maritime component commanders.

Source Rating: AB, AO, BM, BU, CM, EM, EN, EO, ET, GM, HM, HT, IC, MM, MN, OS, PR, QM, IT, LS, STG

5330 (EOD) Apprentice Diver (Student Status)
Member is in an EOD training student status. Performs basic EOD related diving procedures, including bottom and hull searches, day or night, using SCUBA, surface supplied, and mixed or gas diving equipment. Tests, repairs, and adjusts scuba and associated underwater equipment. Understands diving physics and related principles and is capable of recognizing and assisting in the treatment of diving related injuries such as decompression sickness and other forms of barotrauma.

EOD 5333 Basic EOD Technician
Performs EOD operations to include: location, identification, render safe and disposal of foreign and domestic ordnance including conventional, chemical, biological, nuclear, underwater, and improvised explosive devices enabling access during military operations in support of Carrier and Expeditionary Strike Groups, Mine Countermeasures, Naval Special Warfare, and Army Special Forces. Performs location and identification of Weapons of Mass Destruction (WMD) and Improvised WMD. Provides training and assistance for military, federal, state, and local civilian law enforcement agencies in ordnance related Anti-Terrorism/Force Protection procedures. Supports and conducts ordnance related intelligence collection and counter-terrorism operations. Operates, maintains, and repairs specialized EOD and combat equipment. Maintains required forms, records, correspondence and files. Duties include performing open and closed circuit SCUBA diving, explosive demolitions, parachuting, tactical delivery, and extraction by unconventional insertion methods and small arms proficiency.

2. Candidates may enter Ordnance Clearance Diver training with current rate but must laterally convert to a rating listed in MILPERSMAN 1220-100 within 12 months of assignment of NEC 5339.
5341 Master Diver
Most qualified person to direct and supervise diving, salvage, ship repair operations and diving programs. Directly responsible to the Commanding Officer for all facets of command diving operations and programs, to include training, equipment, systems, personnel, operations. Develops, updates and oversees diving programs. Manages the development, operation, testing, repair and certification of all USN Diving Equipment, systems and support equipment. Directs the treatment of all diving related injuries, including recompression chamber operations, casualty control operations and mishap reporting procedures. Directs underwater inspections, harbor/port/ship security inspections, including ordnance searching, Ship/submarine repair, salvage, expeditionary salvage and littoral combat, rescue, special warfare operations, underwater cutting and welding, demolition operations and small boat operations. Directs and Supervises Swimmer Delivery Vehicle Dry-Deck Shelter systems, submarine Lock-in/Lock-out systems and submarine rescue chambers. Develops training programs and qualifies personnel in diving equipment, systems and procedures. Trained in advanced diving physics, medicine, differential diagnosis and saturation diving techniques. Directs and supervises surface and underwater demolition operations for salvage, ship husbandry, or underwater construction operations. Employs the principle and techniques of precision demolition in projects requiring cutting, flattening and/or removing of pilings, obsolete moorings, or other obstructions in channels, harbors, open oceans, or other areas of concern. Supervises the operation, maintenance, and certification of deep dive systems and equipment.

ECM: BUPERS-325

NOTES:
1. Minimum 6 years experience in NEC 5342.
2. Minimum 2 years from date of frocking to E7.

5342 Diver First Class
Qualified to dive and supervise using Air and Mixed Gas USN Diving Apparatus. Supervises the operation, tests, repairs and adjusts all USN Diving Equipment, systems and support equipment. Supervises recompression chambers operation, diagnoses and treats diving related injuries. Supervises underwater inspections, harbor/port/ship security inspections, including ordnance searching, Ship/submarine repair, salvage, expeditionary salvage and littoral combat, rescue, special warfare operations, underwater cutting and welding, demolition operations and small boat operations. Operates and Supervises Swimmer Delivery Vehicle Dry-Deck Shelter systems, submarine Lock-in/Lock-out systems and submarine rescue chambers. Trains USN, DOD military and other personnel in diving Procedures equipment and systems. Trained in advanced diving physics, medicine and saturation diving techniques. Dives and performs underwater demolition for the purpose of open ocean salvage, ship husbandry, or underwater construction operations. Employs the principle and techniques of precision demolition in projects requiring cutting, flattening and/or removing of pilings, obsolete moorings, or other obstructions in channels, harbors, open oceans, or other areas of concern. Operates, maintains, and supports saturation/deep dive systems and equipment.

NOTES:
1. NEC 5392 is a SNEC assigned to SEAL and SWCC personnel who are assigned to Naval Special Warfare SEAL and Special Boat Teams. Personnel must be qualified SO or SB to be awarded this NEC.
3. SEAL personnel who previously held PNEC 8491 or 8492, or any SEAL or SWCC personnel who attended Special Operations Combat Medic course B-300-0042 may be awarded NEC 5392.
4. NEC may be assigned to inactive duty SEAL and SWCC Navy Reservists who have completed the mandatory training B-300-0042, Special Operations Combat Medic course and maintains the USSOCOM Advanced Tactical Practitioner certification.
ENGINEERING AID

EA-5501 Construction Inspector
Reviews and analyzes project construction drawings and specifications and prepares a Construction Inspection Plan including a checklist of inspection points during critical phases of construction and installation. Verifies that all materials and/or equipment ordered meet applicable project specifications and certifies their conformance to these specifications upon receipt. Inspects all phases of construction and installation, including civil, architectural and structural, electrical and mechanical, for compliance with drawings, specifications and acceptable safe operating, installation, and construction practices. Schedules, coordinates, and observes tests on electrical and mechanical systems (includes operational tests on installed equipment) and arranges for quality control tests on such items as sub-base materials, aggregates and cementitious binders and on related mixes before, during and after installation. Prepares logs, records and reports on all inspections, and tests.

Source Rating: EA, BU, CE, EO, SW, UT

Technical Advisor: NAVFACENG
ECM: BUPERS-325

NOTE: Personnel attached to the Reserve Naval Construction Force (RNCF) are awarded NECs EA-5501 and EA-5503 based on the recommendation of individual Commanding Officer of RNCF units and the approval of the Commanding Officer, Enlisted Placement Management Center in lieu of completion of applicable courses.

EA-5503 Advanced Engineering Aid
Employs the principles and techniques of foremanship. Solves mathematical problems commonly encountered by personnel in the Engineering Aid rating. Designs a twenty-four foot wide, one thousand eight hundred foot long segment of paved highway. Computes the optimum orientation for a single runway. Adjusts a quadrilateral triangulation system and computes the coordinates of each station. Estimates the material requirements for, plans and schedules the construction of, an advanced base administration building, using the Network Analysis System concept. Explores, identifies, classifies, and stabilizes soils. Identifies and tests bituminous paving mixes using the Marshall Method of mix design. Designs a concrete mix, tests mix ingredients, tests the wet mix, and performs both flexural and compressive strength tests upon the cured mix.

EQUIPMENT OPERATOR

EO-5707 - 5710

NOTE: Personnel attached to the Reserve Naval Construction Force (RNCF) are awarded NECs EO-5707, EO-5708, and EO-5710 based on the recommendation of individual Commanding Officer of RNCF units and the approval of the Commanding Officer, Naval Reserve Personnel Command (NRPC) in lieu of completion of applicable courses.

EO-5707 Water Well Drilling Technician
Determines the geographical area most suitable for developing a water supply. Sets up and operates well drilling machine (rotary, rotary/pneumatic and/or percussion rig) to drill water wells. Hoists tubular casing and drill steel making necessary connections. Manipulates levers to control drill and drive casing. Operates drilling rig using drilling fluids as required. Removes samples of subterrain. Develops the water supply, tests water for purity and the well for yield and draw down.

Source Rating: EO, CM, UT  
Course: Mandatory

ECM: BUPERS-325

NOTES:
1. Personnel assigned to billets designated with the NEC must possess a certificate of qualification, valid for 12 months, issued by certifying school and must re-certify annually in accordance with:
   b. Naval Construction Forces (NCF) COMLANT/COMPACINST 8023.5 series.
   c. Selected Reserve personnel may re-certify biannually as authorized by CNO ltr 8020 Ser 411F/4U38314 of 7 Aug 84 (NOTAL).
   d. All non-certified blasters will not be eligible for Special Duty assignment Pay (SDAP).
   e. Except EO, other rates listed in the source rating must hold NEC BU-5931 or BU-5932 to be awarded the NEC.
   f. Personnel must meet the standards of NAVMED P-117, Sections III and IV, prior to attending school.

EO-5710 Advanced Equipment Operator
Employs the principles and techniques of foremanship. Solves basic mathematics problems related to earthwork production and equipment effectiveness. Applies advanced principles of earthwork. Applies advanced principles of asphalt mixing and paving, and techniques of increasing production rate. Operates, adjusts and services asphalt distributors, mixing plants, and pavers. Operates, adjusts, and services cranes with attachment. Operates, adjusts, and services crawler and wheeled tractors with attachments and scrapers. Operates, adjusts, and services ditchers, motorized graders and road rollers. Operates, adjusts, and services rock crushers.

CONSTRUCTION MECHANIC
CM-5805 Advanced Construction Mechanic
Employs the principles and techniques of foremanship. Troubleshoots, overhauls, and maintains gasoline and diesel engines. Troubleshoots, overhauls, and maintains equipment power trains, chassis, and component assemblies. Reconditions hydraulic valves and cylinders. Analyzes and tests electrical and fuel injection systems utilizing appropriate test equipment.

Source Rating: CM
Course: Mandatory
Sequence Code: 3
Component NEC: Related NEC:
Primary Advisor: CNO N434
Technical Advisor: NAVFACENG

NOTE: Reserve personnel may earn this NEC upon completion of the Personnel Readiness Capabilities Program (PRCP) equivalency skills listed in NAVFAC PUB P-458.

BU 5907 – 5915
NOTE: Personnel attached to the Reserve Naval Construction Force (RNCF) are awarded NECs BU-5907, BU-5908, and BU-5915 based on the recommendation of individual Commanding Officer of RNCF units and the approval of the Commanding Officer, Naval Reserve Personnel Command (NRPC) in lieu of completion of applicable courses.

BU-5907 Advanced Builder
Employs the principles and techniques of foremanship. Mixes, places, finishes, and cures concrete. Constructs forms for concrete construction. Performs masonry construction. Frames floors, walls, stairs, and roofs. Erects waterfront, heavy timber and advanced base structures, and operates and maintains shop tools and equipment. These tools include electric saws, sanders, planers, routers, drills, and other millworking tools.

Source Rating: BU
Course: Mandatory
Sequence Code: 3
Component NEC: Related NEC:
Primary Advisor: CNO N434
Technical Advisor: NAVFACENG

NOTE: Reserve personnel may earn this NEC upon completion of the Personnel Readiness Capabilities Program (PRCP) equivalency skills listed in NAVFAC PUB P-458.

BU-5908 Tool and Equipment Technician

Source Rating: BU
Course: Mandatory
Sequence Code: 5
Component NEC: Related NEC:
Primary Advisor: CNO N434
Technical Advisor: NAVFACENG
BU-5915 Construction Planner and Estimator Specialist
Plans and estimates material, manpower, and equipment requirements for various construction jobs. Performs scheduling, procurement, production control, and management reporting of construction projects.

Source Rating: BU, CE, SW, UT, EO
Billet Paygrades: E5-E7
Course: Mandatory
Sequence Code: 3
Component NEC: CNO N434
Primary Advisor: CNO N434
Technical Advisor: NAVFACENG

BU-5931 Advanced Underwater Construction Technician
Qualified to dive and perform underwater construction operations using approved air diving apparatus, underwater tools, equipment, materials and techniques. Employs the principles and techniques of foremanship on underwater inspection, repair, construction and demolition projects. Estimates the material, manpower and supervises execution of underwater projects. Supervises diving and demolition operations as designated by the Commanding Officer.

Source Rating: BU, SW, CE, UT, EO, CM, EA, CU, UC, EQ
Billet Paygrades: E5-E9
Course: Mandatory
Sequence Code: 2
Component NEC: 5932, 5342
Primary Advisor: CNO N434
Technical Advisor: NAVFACENG

NOTES:
1. 24 months duty with an Underwater Construction Team is required.
2. Recommendation of an OIC of a UCT or the Commanding Officer of NCEL is required.
3. Must hold valid SECRET clearance.
4. Advanced Underwater Construction Technician School (A-433-0037) must be started within one year of completion of First Class Diving School (A-433-0025).

BU-5932 Basic Underwater Construction Technician
Qualified to dive and perform underwater construction operations using approved air diving apparatus, underwater tools equipment, materials and techniques. Performs underwater tasks such as underwater excavation, cutting and welding, concrete forming and placement, cable and pipeline installation, sea floor surveying, component assembly and emplacement, system testing and material condition inspection. Employs the principle and techniques of precision demolition in projects requiring cutting, flattening or removal of pilings, obsolete mooring, or other obstruction in channels, harbors, open oceans, or other areas of concern. Performs rigging, marlin spike seamanship and small boat handling. Tests, repairs, and adjust all diving equipment. Dresses and tends divers. Knows the laws of diving physics and is able to recognize symptoms of decompression sickness and diving accidents, and is able to assist in their treatment.

Source Rating: BU, SW, CE, UT, EO, CM, EA
Billet Paygrades: E3-E6
Course: Mandatory
Sequence Code: 2
Component NEC: 5932, 5342
Primary Advisor: CNO N434
Technical Advisor: NAVFACENG
BU-5933 Master Underwater Construction Diver

Qualified to supervise air or mixed gas dives using SCUBA and surface supplied diving equipment. Responsible to the Diving Officer for the safe conduct of diving operations. Proficient in operation of Navy approved underwater breathing equipment, support systems, and recompression chambers, as well as in the diagnosis and treatment of diving injuries and illnesses, particularly those requiring recompression therapy. Familiar with operation and emergency procedures for diving systems, mixing and analyzing gases including computation of diver gas requirements and consumption, and ice diving operations. Possesses an in depth knowledge of underwater and terrestrial construction, inspection, and demolition procedures and methods and can perform these task in a permissive or non-permissive/contingency environment. Manages preventive and corrective maintenance on diving equipment, support equipment, and underwater construction equipment. Manages and administers certification and quality assurance programs on Navy approved diving systems and equipment. Conducts training and re-qualification of divers attached to the command. Ensures divers are trained in emergency procedures. Recommends qualifications of diving supervisors. Possesses a comprehensive knowledge of the scope and application of all naval instructions and publications pertaining to diving. Ensures that proper logs and reports are maintained and submitted as required.

Source Rating: BU, CE, CM, CU, EA, EO, EQ, SW, UC, UT
Billet Paygrades: E7-E9
Personnel Paygrades: E7-E9

Course: Mandatory
Sequence Code: 4
Component NEC: 5931
Primary Advisor: CNO N434

STEELWORKER

SW-6001 – 6021

Personnel attached to the Reserve Naval Mobile Construction Battalion (RNMCB) are awarded NECs SW-6010 and SW-6021 based on the recommendation of individual Commanding Officer, RNMCB and approved by Commanding Officer, Naval Reserve Personnel Command (NRPC) in lieu of completing applicable course.

SW-6001 Seabee Technical Security Specialist (STSS)

Provides technical security expertise with a focus on construction. Builds, repairs, and maintains technical security infrastructures in remote locations world-wide. Provides construction security assistance through the establishment, maintenance, and supervision of security programs. Assists in the technical security countermeasure surveillance.

Source Rating: SW, BU,CE,CU,EA,UC,UT
Billet Paygrades: E5-E9
Personnel Paygrades: E5-E9

Course: Mandatory
Sequence Code: 4
Component NEC: Related NEC: 5341
Primary Advisor: CNO N434
Technical Advisor: NAVFACENG
Related NEC: 5341
Open to Women: Yes
ECM: BUPERS-325D

NOTES:
1. A SECRET security clearance with the ability to obtain a TOP SECRET/SCI security clearance is required.
2. NEC is awarded based on completion of CIN A-710-0001 and assignment to Naval Support Unit. Upon completion of training, one year of OJT, and recommendation by OIC, Naval Support Unit, personnel will be awarded the 6001 NEC.
3. Submit NAVPERS 1221/6, via ECM, to PERS-4013 for award.
4. Candidates to Naval Support Unit must be Seabee Combat Warfare qualified for selection.

SW-6010 Advanced Steelworker

Employs the principles and techniques of foremanship, job planning, job control elements, and the responsibilities for safety. Works basic mathematical problems involving sheet metal layout, strength of wire rope and fiber line. Repairs welding equipment, welds ferrous and nonferrous metals, wrinkle bends pipe, lays out, and prepares plate and pipe joints to be welded in the vertical and overhead positions. GMA/GTA welds nonferrous metals in the flat position. Knows the nomenclature of pontoons, butler buildings, steel towers, bolted steel tanks, and AM-2 aluminum airfield mats. Knows the procedures of assembly and disassembly of steel structures. Performs practical work in the field under supervision, estimates, and plans minor jobs as to material and personnel. Lays out and splices wire rope and applies wire rope attachment and lays out and fabricates sheet metal parts and joins the parts by riveting, soldering, spot welding, or seaming.

Source Rating: SW

AVIATION MAINTENANCE ADMINISTRATION MAN

AZ-6302 Similar To Automated Maintenance Environment Operator
Performs all operator, data entry, and retrieval functions. Performs networking functions between individual stations, including analysis and correction of errors caused by software, hardware, or data entry. Transmits and receives data via floppy disk, modem, and other electronic means. Extracts data, formulates and interprets management reports, creates archives, backups, and data saves in support of deployments and detachment operations.

AZ-6304 Optimized NALCOMIS Database Administrator/Analyst IMA

The Optimized NALCOMIS DBA/A is responsible for the daily upkeep of the Intermediate Maintenance Activities (IMAs) afloat and ashore maintenance databases. Performs a variety of functional processes using NTCSS Desktop II. Changes NTCSS passwords, monitors and manages print request and printer configurations, views and monitors the NTCSS System Information. Broadcast messages to NTCSS users and manages user log-on capabilities, locks and unlock user capabilities, changes NTCSS application process limits. Monitors and manages server processes and schedules and rejects jobs. Adds, edits, and deletes pre-defined jobs. Maintains system security and advises the System Administrator (SA) on matters pertaining to Optimized NALCOMIS IMA. Inputs, extracts, analyze and validates maintenance data; develops and interprets management reports, monitor input of data and the parameters for up, line reporting and related interface requirements. Performs Analysis of aviation data as directed by the AIMD officer and in support of the NAMP requirements. Principal advisor to the Data Processing System Administrator on matter pertaining to the IMA NALCOMIS maintenance database and responsible for training IMA personnel in AV-3M documentation.

**AIRCREW SURVIVAL EQUIPMENTMAN**

**PR-7352 Senior Naval Parachutist**

Directs all phases of parachute jumping operations at activities that employ parachutists in their mission. Instructs in all jumping operations including static line jumps, free fall jumps, water landing jumps, and delayed free fall jumping prior to opening parachute.

- **Source Rating:** PR, SO, EOD, ND, SB
- **Billet Paygrades:** E4-E9
- **Personnel Paygrades:** E4-E9
- **Course:** See Note
- **Sequence Code:** 3
- **Component NEC:** CNO N851
- **Primary Advisor:** CNO N851
- **Technical Advisor:** NAVAIR

**NOTES:**
1. Must be assigned to parachute jumping duty by competent orders, be designated a Naval Parachutist, and have completed a course of instruction prescribed by a naval facility or unit as well as the following:
   a. 1 static line jump
   b. 35 free fall jumps
   c. 2 water landing jumps
   d. 3 jumps of 30 seconds delayed free fall prior to opening parachute
2. Personnel other than PRs must hold NEC 53XX to be assigned this NEC.

**PR-7353 Special Operations Parachute Rigger**

Packs and maintains premeditated personnel parachute equipment unique to Naval Special Warfare (NSW) and Explosive Ordnance Disposal (EOD) Operations.

- **Source Rating:** PR, SO, EOD, ND, SB
- **Billet Paygrades:** E3-E9
- **Personnel Paygrades:** E3-E9
- **Course:** See Note
- **Sequence Code:** 4
- **Component NEC:** CNO N851
- **Primary Advisor:** CNO N851

**NOTES:**
1. NEC awardable upon completion of Army courses 431-F3-PARA NAVY or 860-43E10.
2. NEC OJT awardable if personnel attached to a rigger unit of EOD for 1 year and observed by Army/Navy school graduate and qualified prior to 1 July 1990 (CNO WASH DC 110512Z Aug 90 refers).
3. Personnel other than PRs must hold NEC 53XX to be assigned this NEC.

**PR-7356 Aircrew Survival Equipmentman (IMA) Technician**

Performs intermediate level maintenance on Aircraft Oxygen Systems and Test Equipment. Duties include inspection, test and repair of Oxygen Regulators, Liquid Oxygen Converters and their related support equipment, and Aviators Breathing Oxygen Analyzer.

- **Source Rating:** PR
- **Course:** Mandatory
- **Sequence Code:** 5
- **Component NEC:** CNO N889
- **Primary Advisor:** CNO N889

**AEROGRAPHER’S MATE**

**AG-7412 Analyst-Forecaster**

Interprets environmental observations and data, meteorological satellite information and numerical environmental products. Prepares analyses and prognoses of meteorological/oceanographic parameters for display and transmission. Forecasts meteorological and oceanographic conditions and issues warnings of severe and hazardous conditions. Conducts environmental briefings/debriefings for combat, operation and training operations.

- **Source Rating:** AG
- **Course:** Mandatory
- **Sequence Code:** 3
- **Component NEC:** CNO N960

**NOTE:** NEC may be granted to Selected Reserve personnel by COMNAVMETOCOM, upon completion of applicable training courses as determined by COMNAVMETOCOM.
AVIATION SUPPORT TECHNICIANS

AS-7601 Support Equipment Cryogenic Mechanic
Performs on-equipment repair and intermediate maintenance on liquid oxygen servicing trailers, gaseous oxygen servicing trailers, nitrogen servicing trailers, walk around bottles, and oxygen systems purging equipment. Repairs regulators, valves, manifolds, pumps, and gauges.

144
AVIATION WARFARE SYSTEMS OPERATOR

APPLIES TO ALL AVIATION WARFARE SYSTEMS OPERATOR NECs:
AW's are Naval Aircrewman (NAC) in a permanent flight status. They man sensor positions in fixed and rotary wing ASW aircraft based ashore and aboard aircraft carriers, escort vessels, and sea control ships, and serve as analysts in ASW Modules and Tactical Support Center (TSC). They also perform collateral duties in rescue and utility functions aboard multipurpose aircraft with an ASW mission. AW's who do not volunteer or are not qualified for flight must change their rating in accordance with MILPERSMAN 1220-020.

NOTES:
1. AW personnel perform in-flight duties in accordance with various aircrew positions as enumerated by the Chief of Naval Operations.
2. These NECs reflect a member's aircrew and rating standards and verify the member's entitlement to flight pay. They do not, however, authorize payment nor determine the category of payment.
3. Participation in the NAC program and the principles governing payment therefore are contained in BUPERSINST 1326.4. Compliance with this instruction is mandatory prior to submission of recommendations for these NECs.
4. Individuals should be recommended for assignment of these NECs as soon as respective qualifications are obtained.
5. Final qualification for NAC designator is not a prerequisite for assignment of these NECs. However, final aircrew qualification is a requirement for retention within the AW rating community.
6. Basic specialty NECs will be assigned upon satisfactory completion of fleet readiness squadron training. Regardless of NEC, AC designation may only be awarded after successful completion of operational standards prescribed by the Chief of Naval Operations.
7. These NECs are the primary means of identification for AW aircrew qualifications. Commands shall ensure submission of NAVPERS 1221/6 to PERS-4013D2 immediately upon qualification for these NECs. Request for removal of any of these NECs will be submitted to CNO N13 via PERS-4013D2 for final adjudication. Special emphasis must be given to the accuracy of billet coding and individual identification to provide for the assignment and/or retention of aircrew within the enlisted personnel distribution system.

AWS-7805 MH-60S Multi-Mission Helicopter Aircrewman
Performs in-flight duties as MH-60S Aircrewman.
Source Rating: AW, AWS
Course: Mandatory

NOTE: Waiver of course completion will be considered when specialized university training in photojournalism has been completed. Submit transcript from an accredited university or professional civilian photographic school to certify completion of a minimum of 15 semester hours or equivalent quarter hours of an electronic imaging curriculum with mandatory courses in image acquisition and editing, graphic design, software and hardware configurations, archiving, emerging technologies, networking, ethics in journalism, production of presentations. Include copies of course descriptions from university or civilian photographic school catalog. Submit waiver request form NAVPERS 1221/6 to NPC, PERS -4013 (NEC Mgmt Section), 5720 Integrity Drive, Millington, TN 38055-3340 via CNO (N09C).

NAVAL AIRCREWMAN

8201-8298 Naval Aircrewmen

APPLIES TO NAVAL AIRCREWMEN OPERATOR NECs: AW's are Naval Aircrewman (NAC) in a permanent flight status. They man positions in fixed and rotary wing aircraft based ashore and aboard aircraft carriers, escort vessels, and sea control ships, and serve in ASW Modules and Tactical Support Center (TSC). They also perform collateral duties in rescue and utility functions aboard multipurpose aircraft. AW's who no longer volunteer or are not qualified for flight must change their rating in accordance with MILPERSMAN 1220-020.

NOTES:
1. AW personnel perform in-flight duties in accordance with various aircrew positions as enumerated by the Chief of Naval Operations.
2. These NECs reflect a member's aircrew and rating standards and verify the member's entitlement to flight pay. They do not, however, authorize payment nor determine the category of payment.
3. Participation in the NAC program and the principles governing payment therefore are contained in BUPERSINST 1326.4. Compliance with this instruction is mandatory prior to submission of recommendations for these NECs.
4. Individuals should be recommended for assignment of these NECs as soon as respective qualifications are obtained.
5. Final qualification for NAC designator is not a prerequisite for assignment of these NECs. However, final aircrew qualification is a requirement for retention within the AW rating.
6. Basic specialty NECs will be assigned upon satisfactory completion of fleet readiness squadron training. Regardless of NEC, AC designation may only be awarded after successful completion of operational standards prescribed by the Chief of Naval Operations.
7. These NECs are the primary means of identification for aircrew qualifications. Commands shall ensure submission of NAVPERS 1221/6 to PERS-4013D2 immediately upon qualification for these NECs. Request for removal of any of these NECs will be submitted to CNO N13 via PERS-4013D2 for final adjudication. Special emphasis must be given to the accuracy of billet coding and individual identification to provide for the assignment and/or retention of aircrew within the enlisted personnel distribution system.

AW-8201 Naval Aircrewman Candidate
Performs assignments in training, for flight crewman.

Source Rating: ABH, AD, AE, AG, LS, AME, AM, AO, AT, AWF, AWO, AWR, AWS, AWV, AZ, CTI, CTR, CTT, HM, CS, MC, PR, IT
Course: Mandatory
Sequence Code: 8
Component NEC: CNO N889
Primary Advisor: CNO N889

Billet Paygrades: E3-E7
Personnel Paygrades: E1-E8
CIN: C-050-1500
CDP: 806E
NR Ind: R

NOTE: This NEC is assigned to those personnel undergoing flight indoctrination training and evaluation prior to completing a course of instruction leading to a crewmember NEC. Members awarded this NEC must meet basic aircrew prerequisites, be in training for a valid Aircrew billet, and qualify for such training under the provisions of the BUPERSINST 1326.4 Series, and MILPERSMAN 1306-911.
3. Members awarded this NEC who does not qualify for naval aircrew designation within 18 months as prescribed by OPNAVINST 3710.7 Series and BUPERSINST 1326.4 Series shall be discontinued from training.
4. This NEC will not be used to identify billets except within student UICs.
AW-8202 Naval Aircrewman (Special Assignment)
Performs in-flight duties as assigned in support of command mission.

| Source Rating: A W, AWF, AWO, AWR, AWS, AWV, HM, CS | Billet Paygrades: E5-E9 | Personnel Paygrades: E4-E9 |
| Course: | CIN: | CDP: |
| Sequence Code: 3 | Related NEC: | Open to Women: Yes |
| Primary Advisor: CNO N889 | Technical Advisor: NAVAIR | ECM: BUPERS-321E |

**NOTES:**
1. Personnel assigned to this DNEC are assigned to BUPERS designated special billets with joint services, foreign services and special assignments where USN coding is not applicable.
2. This NEC is assigned as a distributive NEC only to personnel by BUPERS and billets may be coded only with prior BUPERS concurrence.
3. The use, applicability and retention of this NEC are of a restricted nature.
4. The goal is to prevent entry level naval aircrewmen assigned to these billets from trying to earn aircrew designation without complying with the requirements established for all naval aircrewmen.

**AWF-8206 C-130 Flight Mechanic**
Performs in-flight duties as a C-130 Flight Mechanic.

| Source Rating: AWF | Billet Paygrades: E3-E6 | Personnel Paygrades: E3-E6 |

ECM: BUPERS 327

NOTES:
1. The medical standards established by NAVMEDCOMINST 1510.5 Series and the flight standards established by CNO must be met prior to award of this NEC.
2. Member will retain this NEC for the maximum number of 8 years. If the member has not qualified for another advanced closed loop NEC utilizing their skills and experience in emergency medicine i.e. HM-8425, 8402, or skills and experience in aircrew position and aerospace medicine or physiology HM-8406, 8409 by the end of the 8th year after graduation, his or her next PCS assignment will be to a general HM-0000 billet maintaining the current HM-000 sea/shore rotation and the HM-8401 NEC will be removed by CHNAVPERS.
HM-8402 Submarine Force Independent Duty Corpsman
Serves as the Medical Department Representative (MDR) aboard submarines and at various isolated duty stations ashore independent of a medical officer. Performs patient care and associated shipboard administrative and logistical duties. Performs diagnostic procedures, advanced first aid, basic life support, nursing procedures, minor surgery, basic clinical laboratory procedures and other routine and emergency health care. Conducts and directs preventive medicine and industrial hygiene surveillance programs. Familiar in the prevention and treatment of illness associated with the enclosed submarine environment, diving, and high-pressure conditions. Provides for health education to junior medical and nonmedical personnel. Performs all patient care and medical management functions set forth in Chapter 9, Manual of the Medical Department. Serves as the Radiation Health Officer (RHO) aboard submarines, and are trained in the medical aspects relative to personnel exposed to ionizing radiation. Directs and administers the Personnel Dosimetry and Radiation Health Programs. Maintains and compiles radiation exposure records and reports. Senior personnel assigned to shore and operational staffs provide medical assistance, training, and inspection services to operational forces and component units. Additionally, when assigned ashore they serve primarily as nonphysician health care provider at fixed medical treatment facilities (MTFs).

NOTES:
1. Although NEC 8407 is not listed as a component NEC, personnel disqualified for submarines may at the discretion of the Enlisted Community Manager (ECM) be recoded to HM-8407.
2. Must continuously maintain Independent Duty Corpsman certifications to retain NEC. Recommendations for removal of NEC will be made by the Commanding Officer based on evaluation of the member’s operational proficiency and professional performance in accordance with the provisions of OPNAVINST 6400.1 (series). Send NAVPERS 1221/6 to PERS-4013D2 via the ECM (BUPERS 327).

HM-8403 Fleet Marine Force Reconnaissance Independent Duty Corpsman
Provides medical and operational services for Fleet Marine Force Reconnaissance personnel engaged in direct action and reconnaissance operations independently of a medical officer. Performs patient care as well as associated operational administrative and logistical duties. Performs clinical diagnostics, advanced paramedical skills, advanced cardiac life support, nursing, basic anesthesia, basic dental exams and procedures and other routine and emergency medical health care procedures as required. Instructs and advises operational personnel in measures for prevention of illness and treatment of injuries associated with swimming, open and closed circuit SCUBA diving, military free fall and amphibious operations. Performs duties using open and closed circuit SCUBA in direct support of Fleet Marine Force Reconnaissance Units. Conducts underwater searches to include detailed ship-bottom searches. Inspects and maintains SCUBA and related equipment. Knows the laws of diving and gas physics and understands the theory and practice of decompression and the use of decompression tables. Performs duties as a hyperbaric chamber operator. Recognizes all types of illnesses associated with diving to include oxygen and carbon dioxide toxicity, nitrogen narcosis, type I and II decompression sickness and air gas embolism. Enters the chamber as the inside tender to care for patients suffering from decompression sickness as well as other conditions requiring hyperbaric treatment. Provides health care as a non-physician health care provider when assigned to fixed medical treatment facilities.

HM-8425 Surface Force Independent Duty Corpsman

Serves as the Medical Department Representative (MDR) aboard surface ships, with the units of the Fleet Marine Force, and at various isolated duty stations ashore independent of a medical officer. Performs patient care and associated shipboard administrative and logistical duties. Performs diagnostic procedures, advanced first aid, basic life support, nursing procedures, minor surgery, basic clinical laboratory procedures, and other routine and emergency health care. Conducts and directs preventive medicine and industrial health surveillance programs. Provides for health education to junior medical and nonmedical personnel. Perform all patient care and medical management functions set forth in Chapter 9, Manual of the Medical Department. Administers the Radiation Health Program as necessary. Senior personnel assigned to shore and operational staffs provide medical assistance, training, and inspection services to operational forces and component units. Additionally, when assigned ashore, they serve primarily as nonphysician health care providers at fixed medical treatment facilities (MTFs).

Source Rating: HM  
Course: Mandatory

Component NEC: BUMED M 005C  
Primary Advisor: BUMED M005C  
Technical Advisor: NAVMED MPT&E  
Billet Paygrades: E5-E9  
CIN: B-300-0019  
CDP: 4356  
Open to Women: Yes  
ECM: BUPERS 327

NOTE: Must continuously maintain Independent Duty Corpsman certifications to retain NEC. Recommendations for removal of NEC will be made by the Commanding Officer based on evaluation of the member’s operational proficiency and professional performance in accordance with the provisions of OPNAVINST 6400.1 (series). Send NAVPERS 1221/6 to PERS-4013D2 via the ECM (BUPERS 327).
HM-8427 Fleet Marine Force Reconnaissance Corpsman

Provides medical and operational services for Fleet Marine Force Reconnaissance personnel engaged in direct action and reconnaissance operations. Performs paramedical skills, basic life support, minor surgical procedures and other routine and emergency medical health care procedures as required. Instructs and advises operational personnel in measures for prevention of illness and treatment of injuries associated with swimming, open and closed circuit SCUBA diving, military freefall and amphibious operations. Performs duties using open and closed circuit SCUBA in direct support of Fleet Marine Force Reconnaissance Units. Conducts underwater searches to include detailed ship-bottom searches. Inspects and maintains SCUBA and related equipment. Knows the laws of diving and gas physics and understands the theory and practice of decompression and the use of decompression tables. Performs duties as a hyperbaric chamber operator. Recognizes all types of illnesses associated with diving to include oxygen and carbon dioxide toxicity, nitrogen narcosis, type I and II decompression sickness and air gas embolism. Enters the chamber as the inside tender to care for patients suffering from decompression sickness as well as other conditions requiring hyperbaric treatment.

NOTES:
1. NEC is awarded upon completion of all of the following courses: 1) USMC Basic Reconnaissance, 2) USMC Combatant Divers, 3) Army Basic Airborne School, 4) USMC Special Amphibious Reconnaissance Corpsman Diving Medicine, 5) Joint Special Operations Forces Trauma Medic.
2. Recommendation for removal of NEC HM-8427 will be made by the member's Commanding Officer based on an evaluation of the individual's proficiency and professional performance in accordance with the provisions of OPNAVINST 6400.1 (series). Send NAVPERS 1221/6 to PERS-4013D2 via the ECM (BUPERS 327).
3. Must continuously maintain Dive/Jump qualifications to retain NEC.

HM-8432 Preventive Medicine Technician

Assists Medical Department Officers in the performance of Preventive Medicine and Occupational Health Programs for Navy and Marine Corps forces ashore and afloat. Performs inspections and surveys of food and food service facilities, berthing spaces, barber and beauty shops, child care facilities, recreational facilities, swimming pools, potable water systems, solid waste and waste water disposal sites and systems, vehicles, and transport containers. Conducts bacteriological analysis of food, water, and ice samples. Conducts epidemiological investigations and reporting (Disease Alert Report), interviews and counsels sexually transmitted disease and other communicable disease patients and contacts, administers mass immunization programs and conducts nosocomial infection control programs. Applies statistical methods to human mortality, morbidity, and demographic studies. Conducts disease vector (insects, rodents, parasites, and other pests) control programs (surveys, identification, and pesticide application and other control measures). Is proficient in all aspects of field sanitation (water and food service sanitation, waste disposal, and vector control). Is proficient in medical and sanitary aspects of CBR defense. Under the supervision of occupational health professionals, assists in ensuring that work place environments are healthful, consistent with existing NAVOSH standards, through surveillance of the work place and medical surveillance of personnel exposed to work place hazards. Instructs medical and nonmedical personnel in preventive medicine, industrial hygiene, environmental health and occupational health matters.

INDIVIDUAL AUGMENTEE

90BC GWOT Support Assignment-Basic Combat Unit Member
Completion of training and experience as a Basic Combat Unit Member. Members are qualified in M16 and M9 and familiar with various small arms weapons. Graduates have also obtained a license for HMMWV and have been familiarized with other tactical vehicles. Graduates of this course have been educated in land navigation, qualified in a Ground Assault Course, Entrance Control Point procedures, Quick Reaction Force tactics, Forward Operating Base operations and can defend against a level one threat. They obtain the knowledge of identifying foreign weapons systems and their capabilities. Members are also knowledgeable of the current standards of conduct for detainee operations and detention definitions. Graduates are also Combat Life Saver qualified. Efforts lead to greater stability and security in the Global War on Terrorism.

90JS GWOT/IA Joint Special Operations Task Force Member-Deployed

Training and experience as a member of a forward deployed Joint Special Operations Task Force in support of the Global War on Terror in combat zones around the world. Personnel provide logistic and operational support to battlefield commander. Support personnel perform duties related to intelligence, communications, logistics, and operations.

Source Rating: All
Course: See Note 2
Sequence Code: 9
Component NEC: Related NEC: Training and experience as a member of a forward deployed Joint Special Operations Task Force in support of the Global War on Terror in combat zones around the world. Personnel provide logistic and operational support to battlefield commander. Support personnel perform duties related to intelligence, communications, logistics, and operations.
Primary Advisor: CNO N85
Technical Advisor: JSOC USN/HRE

NOTES:
1. NEC will be awarded retroactively to the start of CY07.
2. NEC is awarded based on completion of organic unit training prior to deployment to support a Joint Special Operations Task Force, to identify personnel who have received unique Joint Special Operations experience.

90LG Expeditionary Force Logistic Support - Deployed

Training and experience as a member of a forward deployed Expeditionary Logistics Support team, in combat zones around the world, which provides logistic requirements to theater commander operations. Expeditionary Logistic Support Technicians perform duties to meet procurement, maintenance and transportation of military material, facilities and personnel.

Source Rating: All
Course: Mandatory
Sequence Code: 9
Component NEC: Related NEC: 9570
Primary Advisor: NECC
Technical Advisor: NAVELSG TEU

NOTES:
1. All ratings.
2. Expeditionary Combat Skills (CIN: A-830-0030) or Basic Cargo Handling (CIN G-060-2010) or Basic Air Cargo Handling (CIN: G-060-2030) or Advanced Cargo Handling (CIN: G-060-2020) or Advanced Air Cargo Handling (CIN G-060-2102) or Cargo Supervisor (CIN: G-060-2040) or pre-deployment training by Expeditionary Logistics Support Group.
3. A forward deployment with a NMCB, Logistic Support Unit or Expeditionary Support Unit will be considered OJT for NEC.
4. Submit NA PERS 1221/6 to PERS-4013 for award.

90LS Expeditionary Force Logistic Support - Not Deployed

Training and experience as a member of an Expeditionary Logistics Support team, which provides logistic requirements to theater commander operations. Expeditionary Logistic Support technicians perform duties to meet procurement, maintenance and transportation of military material, facilities and personnel.

Source Rating: All
Course: Mandatory
Sequence Code: 9

NOTE: Each candidate must complete Defense Intelligence Agency's SCI Security Officials Course (virtual or resident) provided by the Joint Military Intelligence Training Center or the SSO/SSR Professional Training Course (virtual or resident) provided by SSO Navy (ONI-522). Additionally, the following NKO Navy E-Learning Courses are required: 002SP0 - Security Policy and Procedures, 002AI01 - AIS Security, 002SC0 - SCI Administration, 002SS01 - SSO Administration. Upon completion of course requirements, the candidate must obtain Commanding Officer's recommendation utilizing the NEC Change Request Form (NAVPERS Form 1221/6 (06-06)). Forward NAVPERS Form 1221/6 along with course completion certificates to SSO Navy (ONI-522). ONI-522 will endorse and forward to NAVPERSCOM (PERS-4013) for proper awarding of NEC.
CTI-9192 Basic Linguist
Performs duties requiring proficiency in a foreign language including use of grammar, basic vocabulary, specialized technical and military vocabularies, and language working aids. Operates electronic equipment relating to audio digital files, computerized databases, and analytical systems.

NOTES:
1. The Defense Language Proficiency Test (DLPT) for CTI rating.
   a. The DLPT is a Performance Test and CTIs must achieve a minimum language proficiency standard of level 2 in both reading and listening portions of the DLPT in the language which reflects their primary duty as determined by the member's Commanding Officer. To be eligible for promotion, all candidates competing for CTI2 through CTICS must achieve minimum proficiency at least once per paygrade. This requirement must be met prior to the actual advancement examination date.
   b. Materials: Test materials, instructions and grading criteria are held by designated command DLPT control officers or may be obtained as required from NETPDTC, Code N321, 6490 Saufley Field Road, Pensacola, Fl. 32509-5237. The CNO Navy Foreign Language Office (N13F) can be contacted for additional information on obtaining appropriate examinations.
2. NEC Award Criteria.
   a. CTI OBTAINING A SECOND LANGUAGE NEC: For obtaining second language NECs, a score of L2+/R2+ or better on a DLPT in the NEC language or completion of the basic language course is required. Demonstrated operational experience may also be necessary before approval of second NEC is granted. For primary language NECs 9197, 9201, 9203, and 9211 through 9213, 9215, and 9216, the requisite Secondary Basic Language Courses (Phase I & II) must be completed.
   b. CTI CONVERTEE OBTAINING FIRST LANGUAGE NEC: Convertees will be awarded language NECs 9201, 9203, 9209, 9211, 9212, or 9216 upon completion of the requisite Basic Language Course. Technical Advisor may authorize awarding NECs based on demonstrated language proficiency; in these cases a score of L2+/R2+ or better on a DLPT in the NEC language is required.
3. Waiver Requirements: Waivers for scores on a DLPT less than L2/R2 will not be routinely granted. However, waiver requests will be considered on a case by case basis in view of personnel requests which may exist at time of request. Request should be submitted via PERS-4013D2, info CNO N13.

CTI-9310-9316 Basic Linguists
Performs duties requiring proficiency in a foreign language including use of grammar, basic, vocabulary, specialized technical and military vocabularies, and language working aids. Operates electronic equipment relating to audio digital files, computerized databases, and analytical systems.

NOTES:
1. The Defense Language Proficiency Test (DLPT) for CTI rating.
   a. The DLPT is a Performance Test and CTIs must achieve a minimum language proficiency standard of level 2 in both reading and listening portions of the DLPT in the language which reflects their primary duty as determined by the member's Commanding Officer. To be eligible for promotion, all candidates competing for CTI2 through CTICS must achieve minimum proficiency at least once per paygrade. This requirement must be met prior to the actual advancement examination date.
   b. Materials: Test materials, instructions and grading criteria are held by designated command DLPT control officers or may be obtained as required from NETPDTC, Code N321, 6490 Saufley Field Road, Pensacola, FL. 32509-5237. CNO Navy Foreign Language Office (N13F) can be contacted for additional information on obtaining appropriate examinations.
2. NEC Award Criteria.
   a. CTI OBTAINING A SECOND LANGUAGE NEC: For obtaining second language NECs, a score of L2+/R2+ or better on a DLPT in the NEC language or completion of the basic language course is required. Demonstrated operational experience may also be necessary before approval of second NEC is granted.
3. CTI CONVERTEE OBTAINING FIRST LANGUAGE NEC: Convertees will be awarded language NECs 9201, 9203, 9209, 9211, 9212, or 9216 upon completion of the requisite Basic Language Course. Technical Advisor may authorize awarding NECs based on demonstrated language proficiency; in these cases a score of L2+/R2+ or better on a DLPT in the NEC language is required.
4. WAIVER REQUIREMENTS: Waivers for scores on a DLPT less than L2/R2 will not be routinely granted. However, waiver requests will be considered on a case by case basis in view of personnel requirements which may exist at time of request. Request should be submitted via PERS-4013D2, info CNO N13.

NOTES:
1. Personnel may be assigned this NEC provided they meet the general selection criteria for assignment to Correctional Custody Unit staff and attend correctional counselor training as directed by CHNAVPERS (Pers-84).
2. Additional requirements and criteria for selection for this program are contained in MILPERSMAN 1306-904.
9517 3-M System Coordinator
Responsible for the coordination of all facets of maintenance and material management (3-M) systems. Must possess the ability to implement, evaluate, and coordinate the ship's planned maintenance systems (PMS). As the Maintenance Data Systems (MDS) manager, the 3-M coordinator must possess the ability to operate and effectively manage the MDS. The 3-M Systems Coordinator also serves as the ship's availability manager.

Source Rating: All
Course: Mandatory
Sequence Code: 3
Component NEC:
Primary Advisor: NAVSEA 05

NOTES:
1. This NEC also can be earned during initial SNAP II shipboard implementation by participation in NAVMASSO-provided SNAP 3M System training. Submit recommendation on NAVPERS 1221/6 to PERS-4013D2.
2. Personnel awarded NEC 9517 must complete JQR and attend follow-on training.

9518 Naval Leadership Development Program (NAVLEAD) Instructor
Conducts Naval Leadership Development Program (NAVLEAD) courses in Navy schools training centers and commands.

Source Rating: All
Course: Mandatory
Sequence Code: 7
Component NEC:
Primary Advisor: PERS-6

9519 Navy Drug and Alcohol Counselor
Performs duties as a Drug and Alcohol Counselor. Duties include assessment and intake interviews, developing treatment plans, maintaining statistical data on patient's progress, preparing summary reports, conducting individual and group counseling, crisis intervention, aftercare planning, referral, conducting prevention, outreach, and other educational services related to alcohol and drug abuse, and providing counseling in other areas as prescribed by program sponsors. Counselors are charged with maintaining the highest code of standards as required by the Counselor Code of Ethics and maintaining a current knowledge about alcohol abuse, alcoholism and addiction. Provides routine direction and supervision, as directed, to NEC 9522 Interns.

Source Rating: All
Course: See Note
Sequence Code: 8
Component NEC: 9522
Primary Advisor: Pers-6

NOTE: To be assigned this NEC, must complete and maintain all requirements of the Navy Drug and Alcoholism Certification program including a minimum one year internship as NEC 9522 Drug and Alcohol Counselor Intern.

9520 Consecutive Foreign Language Translator
Performs duties requiring an advanced proficiency in a foreign language, including grammar; extensive vocabulary necessary to translate complex conversations finite vocabulary of specialized technical and treaty related terms; ability to use bilingual dictionary and ability to write and translate bilingual reports.

Source Rating: All
Course: Mandatory
Sequence Code: 3
Component NEC: CNO N2
Primary Advisor: NETWARCOM N17

NOTES:
1. Currently only Russian linguists serving, or have served at OSIA are eligible. NEC may be awarded by BUPERS upon achieving advanced level qualifications (Level 3) in listening and speaking on the Defense Language Proficiency Test (DLPT) and upon successful completion of six months translator duty. Continued NEC qualification requires annual recertification by means of the DLPT. Personnel no longer serving at OSIA must achieve advanced qualifications (Level 3) in listening and in one functional area (i.e., reading or speaking) to retain the NEC.
2. Currently only course offered is in Russian (71RU-OSIA Special) in Defense Language Institute Foreign Language Center Catalog.
9522 Navy Drug and Alcohol Counselor Intern
Performs duties as a Drug and Alcohol Counselor Intern in a supervised internship program. Under these conditions, conducts assessments, intake interviews, group and individual counseling, referral activities, program management, and outreach activities. Participates in professional development and educational events leading to certification as a Drug and Alcoholism Counselor.

CDP: BUPERS 323
Open to Women: No

9554 Master Naval Parachutist
Directs those who will be designated as Senior Naval Parachutists upon satisfactory course completion. Specializes in the instruction of students for static line jumps free fall, jumps water landing jumps 30-second, and 40-second delayed free fall jumps prior to opening parachute and night parachute jumping with oxygen equipment.

Source Rating: PR, SO, EOD, ND, SB
Course: See Note
Sequence Code: 3
Component NEC: 7352
Primary Advisor: CNO N861
Technical Advisor: NAVSEA 05
CDP: BUPERS-321
Open to Women: Yes

NOTE: NEC is assigned to personnel in paygrades E-6 and above who have satisfactorily completed an instructor’s course, have been assigned to parachute jumping duty by competent orders, are designated as Naval Parachutist, and have satisfactorily completed a course of instruction prescribed by competent orders as well as the following: 2 static line jumps, 65 free fall jumps, 4 water landing jumps, 5 jumps of 30 seconds delayed free fall prior to opening parachute, 3 jumps of 40 seconds delayed free fall prior to opening parachute, 1 night free fall jump.
9556 Security Specialist
Performs duties on all matters pertaining to Personnel Security, submission of personnel security investigations (PSI) requests and populating the Joint Personnel Adjudication System. Maintains all classified material e.g. files, reports and correspondence. Assists the Security Manager in performing security related administrative control and accountability of all classified material at the command.

Source Rating: Y, N, PS, AZ, LN
Course: Mandatory
Sequence Code: 4
Component NEC: S-3C-0001
Primary Advisor: CNO N09N2

NOTES:
1. Must be a U.S. Citizen and must have security clearance eligibility.
2. Submit NAVPERS 1221/6 with appropriate documentation and Commanding Officer’s endorsement to NAVPERS (Code 4013) via ECM BUPERS 328D.

9557 Joint Special Operations
Completion of training and experience in Joint Special Operations planning and execution. Qualified to perform/support unconventional and special warfare operations as a member of a Joint Special Operations Task Force. Assignments are for a 4-year tour, and NEC is awarded to Sailors assigned to applicable units upon successful completion of organic training and at least 24 months onboard.

Source Rating: All
Course: See Note 1
Sequence Code: 4
Component NEC: Related NEC: 9190
Primary Advisor: CNO N85

NOTES:
1. Assigned personnel, regardless of rank or rating, attend rigorous organic and service sponsored courses of instruction that include, but not limited to, Basic Army Airborne Qualification, Combat Life Saver, Integrated Special Operations Medic course, tactical driving, executive protection and combat specific courses of instruction.
2. All candidates must undergo an intensive screening process prior to selection.
3. All candidates must be able to obtain a TS/SCI clearance.
4. All personnel must meet/exceed U.S. Army physical fitness standards and annually qualify with various small arms and crew served weapons.

9559 Engineering Bulk Fuel Systems (Shore) Technician
Operates valves, manifolds, pumps, and other petroleum transfer storage and reclamation equipment. Performs routine preventive and corrective maintenance on petroleum transfer, storage, and reclamation equipment, and facilities. Measures and draws samples from stored petroleum products. Reads meters and gauges to determine proper operation and completion of petroleum transfers. Observes all required safety precautions when handling petroleum products. Operates fire fighting equipment and personnel protective and safety equipment common to petroleum storage facilities. Inspects product samples for signs of product deterioration or contamination. Performs basic quality surveillance tests. Reports and controls oil spills.

Source Rating: See Notes
Course: Mandatory
Sequence Code: 4
Component NEC: Related NEC: NAVAIR, NAVSEA 05, NAVFACENG
Primary Advisor: NAVPETOFF

NOTES:
1. In lieu of applicable course, personnel completing a regular duty assignment at a shore bulk facility may be recommended for this NEC. (For inactive duty select reserve (SELRES) personnel, the term regular duty assignment refers to drills, Annual Training (AT), and Inactive Duty Training and Travel (IDTT)). Specific OJT and experience must be documented in the NAVPERS 1221/6 to PERS-4013D2 via the Commanding Officer, Navy Petroleum Office, Cameron Station, Alexandria, VA 22314. The CO, Navy Petroleum Office will provide final adjudication based upon personnel qualifications.
2. NEC normally assigned to active duty personnel in the ABF, MM, EN, HT, and UT ratings.
3. NEC normally assigned to inactive duty SELRES in the above ratings as well as in the following: AD, AE, BM, EM, MM, MR, BU, CE, CM, EO, and SW.
4. NEC normally assigned to active duty personnel in paygrade E5 through E7 per Chapter IV of NEC manual. NEC normally assigned to inactive duty SELRES in paygrades E4 through E8.
9560 Mobile Systems Facilities Technician
Performs duties and comprehends core fundamental responsibilities associated with the complete system setup/teardown, operation, and maintenance of deployable mobile units. Personnel will possess the unique essential perception of mobile system theory (types of missions, detachments, and locations), support logistics (transportation and supply), general preventative maintenance requirements, external and ADP system setup (shelters, antenna fields, generators, and power distribution), communications (UHF, VHF, SHF, and INMARSAT), and mobile specific mission requirements (mission tasks, monthly/daily messages, force protection/physical security/emergency destruction, and unit crypto requirements).

NOTES
1. This NEC is awarded to Selected Reserve (SELRES) personnel only and will not be used to identify active duty personnel or billets.
2. A warded to E7 and above.
3. Personnel must have successfully completed course J-8C-0523 (prior to 01 Oct 93) or J-1B-2504 and either J-1B-0526, J-1B-0528, or J-8C-0523, taught at Fleet ASW Training Center, Atlantic, Norfolk, Virginia.
4. Personnel must have participated in a Naval Control of Shipping (NSC) exercise while on Annual Training (AT).

9568 Joint Terminal Attack Controller (JTAC)
A qualified (certified) service member who, from a forward position, directs the action of combat aircraft engaged in Close Air Support (CAS) and other offensive air operations. A qualified and current JTAC will be recognized across DoD as capable and authorized to perform terminal attack control. CAS is an element of joint fire support. Synchronizing CAS in time, space, and purpose with supported maneuver forces increases the effectiveness of the joint force. CAS is air action by fixed and rotary-wing aircraft against hostile targets that are in close proximity to friendly forces and that require detailed integration of each air mission with fire and movement of those forces. CAS assist land, maritime, amphibious, and Special Operations Forces (SOF) to move, maneuver, and control territory, populations, and key waters. The support commander establishes the priority, timing, and effects of CAS fires within the boundaries of the land, maritime, SOF, or amphibious force’s area of operations. SOF may also need CAS and other joint fire, support at locations well beyond land, maritime, and amphibious operations force commanders’ areas of operations.

APPENDIX A

NEC PROPOSALS

A. INTRODUCTION

This Appendix provides guidance on how to prepare and submit recommendations for establishing, deleting, or revising Navy Enlisted Classification (NEC) Codes. NAVMAC processes all changes to the NEC system. Send recommendations via your chain of command and Primary Advisor (i.e., CNO N2, N86, N87, N88) to: Commanding Officer, Navy Manpower Analysis Center (Code 10), 5722 Integrity Drive, Millington, TN 38054-5011. Please note that although technical merit is a primary consideration in a NEC proposal, NEC actions will always be finalized in light of resources, programming, and personnel management implications.

B. METHODOLOGY FOR ESTABLISHING NECs

1. The Navy Enlisted Occupational Classification System (NEOCS) Board will review and decide upon all new NEC proposals. NAVMAC is responsible for Board administration and technical assistance in developing and implementing changes to the enlisted classification system. OPNAVINST 1223.1B details NEOCS Board composition and responsibilities.

2. Criteria for Establishing NECs. The NEOCS Board reviews all requests for new NECs considering following technical criteria:
   a. The NEC must not duplicate Occupational Standards.
   b. Skill identification needs must be long term.
   c. Skill identification must be applicable to both billets and people.
   d. The proposed NEC must not reflect routine fleet training.
   e. There must be a need to document the skill in the Enlisted Master Record (EMR).
   f. The skill identification must be necessary throughout the Navy.
   g. The proposed NEC must reflect workload required to support new equipment.

Note: A good rule when drafting or reviewing new NEC requests is to justify the Navy's need to identify a skill over five to ten years.

3. NEC Establishment.
   a. Rating Series, Special Series, and Alphanumeric NECs. Figure 1 identifies the information and format required to establish a Rating Series, Special Series, or Alphanumeric NEC. Submit recommendations to establish a NEC code 180 days before the date the NEC is to be awarded, i.e., 180 days before completion of initial course/factory training. Requests, which involve mandatory training, should address resource implications.

   b. Planning NECs. Figure 1, paragraphs 1.a., c., h., k., r., s., t., and u. identify the information and format required to establish a Planning NEC. Submit recommendations to convert Planning NECs to Rating Series, Special Series, or Alphanumeric NECs 180 days before the date the NEC is to be awarded, (i.e., 180 days before completion of initial course/factory training) using all components of Figure 1.

Note: Submit requests for all NECs (including Planning NECs) via your chain of command and the Primary Advisor. See Chapter IV, NEC descriptions, for Primary Advisors.

4. NEC Cancellation. All recommendations to cancel a NEC code must state the reason or rationale for cancellation and any required billet or personnel recoding action. Use standard Naval letter format or E-Mail when submitting requests for NEC cancellation.

5. NEC Revision. All recommendations to revise a NEC code must identify the proposed change and state the reason or rational for the revision. Revisions which involve a change from OJT to course mandatory training also should address resource implications. Use standard Naval letter format or E-Mail when submitting requests for NEC revisions.
From: Name of activity submitting proposal
To: Commanding Officer, Navy Manpower Analysis Center (Code 10), NSA Memphis, Millington, TN 38054
Via: Endorsement(s)
Subj: PROPOSAL TO ESTABLISH A NAVY ENLISTED CLASSIFICATION (NEC) (place the rate abbreviation and the first two digits and two Xs (e.g. ET-14XX) and the title here)
Ref: (a) NAVPERS 18068F, Volume II (NECs)
(b) OPNAVINST 1223.1B
(c) List references that relate to this proposal

1. Request establishment of a new NEC code per references (a) and (b).
   a. NEC Code and title. Recommend a NEC code number and a title. Use the rate abbreviation and the first two digits of the proposed code and two Xs (e.g., ET-14XX).
   b. Sequence Code. Recommend a sequence code for prioritizing the NEC on the Enlisted Master Record. See Chapter I paragraph C.4 for sequence code discussion.
   c. Description. Describe the proposed NEC--identify the job tasks to be done--particularly what skill the NEC provides that is not associated with a rating.
   d. Source Rating(s). List the rating(s) associated with the NEC (e.g., BM only, BM and SM, or BM, QM, SM, GM).
   e. Component NEC. Identify any prerequisite skill(s) (Component NEC) that a member must have before earning the proposed NEC, if any.
   f. Related NEC. Identify existing NEC(s) similar in scope to the proposed NEC (Related NEC), if any.
   g. Cost Analysis. What will be the net effect on students IA in terms of man-years (MPN only)?
   NOTE: MPN man-years in the student IA are calculated by multiplying course length in days by number of students and dividing that by 365 for initial training in man-years. This figure is divided by 3 for approximate follow-on, per-year cost for out years.
   
   \[
   \text{Course length in days} \times \text{number of students} \quad \text{MPN} \\
   \frac{\text{MPN}}{365} = \frac{\text{Approx follow-on}}{3}
   \]
   h. Training. List the training needed to earn the proposed NEC, the implications it may have on TAD training, and the impact it may have on increasing overall cost to the Navy in the out-years.
   (1) Identify whether the NEC will be awarded through formal training or through OJT.
   (2) State whether the course is new or on-going. If new, state the ready-for-training date.
   (3) List CIN/CDP when a formal training course is required. If CIN/CDP is unknown, list training as "under development."
   (4) List the length of training (in days).
   (5) Any establishments, revisions etc., to CIN/CDP should be addressed to NETC.
   (6) Increase/savings to course length.
   (7) Will difference course be required?
   (8) Can this be done through non-traditional training sites, or by internet-based course?
   (9) How does this fit into Navy Training System Plan (NTSP)? (Contact appropriate SYSCOM for info)
   (10) If this is replacing another NEC or school, to what percent? How many personnel went through previous NEC, and how long was the course? (man-years)
   (11) How many personnel are intended to go through per year? (Contact CNO (N00T))
   Note: Unless otherwise directed, the originator of a request for establishment of a NEC is responsible for ensuring entry of proper course data into the Corporate enterprise Training Activity Resource System (CeTARS) as an integral part of the process.
   i. Number of Billets. Identify the approximate number of billets requiring the NEC.
SUBJ: PROPOSAL TO ESTABLISH A NAVY ENLISTED CLASSIFICATION (NEC) (PLACE THE RATE ABBREVIATION AND THE FIRST TWO DIGITS AND TWO XS (E.G. ET-14XX) AND THE TITLE HERE)

J. Personnel Paygrade. Identify the paygrade range for personnel who will hold the NEC (e.g., E4 - E5, E6 - E9).

K. Billet Paygrade. Identify the paygrade range for billet identified with this NEC (e.g., E4 - E5, E6 - E9).

L. Special Qualifications. Identify special qualifications associated with the NEC. (I.e. a security clearance, 20/20 vision, certification)

M. Skill Identification. Indicate whether the proposed skill (NEC) currently exists as part of a rating or another NEC.

N. Assignment (Open/Close). Indicate whether the proposed NEC is "Open" or "Closed" to Women.

O. Inactive Duty Select Reservists. Identify the applicable inactive duty Selected Reserve (SELRES) category for the NEC from the following listing and provide supporting rationale. Coordinate your recommendation with CNO (N951G).

Category "A" The NEC is attainable by SELRES, and is therefore assignable to SELRES personnel and manpower requirements with no restrictions. SELRES are able to complete training for the NEC within three years of normal inactive duty training cycles of 48 regular drills and two weeks Annual Training (AT) per year (Training Category (TRC) A). The NEC can be earned by the following means:

- Active Duty formal training courses that have not been modified or segmented into modules for SELRES applications,
- Segmented or modularized formal training courses that may be completed within three years of normal TRC A training cycles (Note 1),
- Specific civilian training/certification (Note 2), or
- On-the-job training (OJT) that can be completed with three years of normal TRC A training cycles (Note 2).

Additionally, NECs are assignable to SELRES manpower requirements if the formal courses of instruction that award the NEC will be modified to facilitate SELRES completion of all requirements for the NEC within three years of normal TRC A training cycles. The requirements for periodic recertification/qualification for the NEC cannot exceed a normal, annual TRC A training cycle (Note 1).

Category "R" The NEC cannot normally be attained by SELRES within three years or normal TRC A training cycles however, is assignable with restrictions to SELRES manpower requirements if SELRES already holding a NEC in this category can maintain periodic recertification/qualification required for the NEC within a normal, annual TRC A training cycle (Note 3).

Category "N" The NEC is not assignable to SELRES personnel or manpower requirements because periodic recertification/qualification for the NEC cannot be maintained by a SELRES during a normal, annual TRC A training cycle. Programming of SELRES manpower requirements with these NECs is not authorized (Note 4).

Note 1: A formal training course that awards the NEC or maintains recertification/qualification may be segmented into modules if recommended by COMNAVRESFOR (Code 04), approved by CNO (N7/NETC) and certified to be funded for segmentation by the appropriate OPNAV resource sponsor. If the Training Agent certifies that the training course will be on line within one year, assignment of the NR IND of A is allowed.

Note 2: NECs will be awarded to SELRES personnel upon completion of civilian training courses leading to the awarding of a certificate, diploma or license, and for the completion of OJT when a waiver of formal training requirements has been requested and obtained from the appropriate Training Agent.

Note 3: NAVMAC (Code 20) will limit the number of SELRES manpower requirements with "R" NECs in the Total Force Manpower Management System (TFMMS) to 125% of the number of SELRES personnel in inventory holding the NEC. Requirements will be reviewed annually to ensure they do not exceed this limit, and repogramming actions directed where necessary.

Note 4: NAVMAC (Code 20) will direct management actions to eliminate or preclude establishment of SELRES manpower requirements with "N" NECs.

Note 5: COMNAVRESFOR will annually review and coordinate the update of all SELRES NEC categories with appropriate NEC Advisors.

P. Endorsements. The primary advisor/CNO (N00T) should look at all cost associated with the establishment/revision and provide a cost estimate for the establishment/revision and agree to assume all associated cost. If TAD cost are associated with the establishment TYCOMS should be notified and agree to assume any associated TAD cost.

Note: Originator shall obtain a signed endorsement from activity identified in their proposal on the VIA: line, signed endorsement shall accompany proposal. Originator is responsible for contacting appropriate commands for this info prior to submission.

SUBJ: PROPOSAL TO ESTABLISH A NAVY ENLISTED CLASSIFICATION (NEC) (PLACE THE RATE ABBREVIATION AND THE FIRST TWO DIGITS AND TWO XS (E.G. ET-14XX) AND THE TITLE HERE)
digits and two Xs (e.g. ET-14XX) and the title here)

q. **Directives.** Identify special directives associated with the NEC, such as instructions or manuals.

r. **Justification.** Explain the purpose of the proposed NEC and how it will impact manpower increases/decreases. Be specific as possible.

s. **Platform/Equipment.** Identify the new platform(s) and/or equipment the proposed NEC will support.
   1. Identify the "phase in" period for new platform(s), equipment, and training.
   2. Is the proposed NEC replacing an existing NEC? If yes:
      a) When is the old platform(s) or equipment no longer in service; and
      b) Identify the date the NEC being replaced may be deleted.

t. **Occupation Standards.** When requesting establishment of a Rating Series NEC, indicate whether the proposed NEC does or does not duplicate existing Occupational Standards for the rating involved, NAVPERS 18068F, Volume I identifies rating specific occupational standards.

u. **Workload Measurements.** When requesting the establishment of a NEC, identify workload levels for each new equipment. The work may be generated either by watch station requirements, Planned Maintenance (PM), Corrective Maintenance (CM), or by other specific mission essential elements. The work could be supported by any combination of the preceding types of workload.

v. **Primary Advisor/Technical Advisor/Enlisted Community Manager.** Provide the abbreviated activity name, along with the specific internal code responsible for subject NEC, which identifies the respective Primary Advisor/Technical Advisor/Enlisted Community Manager.

w. **Point of Contact.** Identify the name, telephone number (commercial and DSN), and E-Mail address of a person knowledgeable about the proposed NEC.

Notes:
1. Paragraph s. is applicable for NECs proposed to support new equipment.
2. Each new skill code shall be evaluated by CNO (N122) when the equipment or system is fully developed.

Via: Chain of Command

Subj: PROPOSAL TO MERGE (RATING AND RATING)

Ref: (a) Manual of Navy Enlisted Manpower and Personnel Classification and Occupational Standards, Volume II Navy Enlisted Classifications (NECs), NAVPERS 18068F of Latest Version Published

Encl: (1) Proposal to Merge Rating and Rating

1. In accordance with reference (a), enclosure (1) is submitted to Navy Manpower Analysis Center (NAVMAC) for review, consideration and vote by the Navy Enlisted Occupational Classification System (NEOCS) Board. This proposal considers current and proposed billet structures, personnel inventory, training impact (to include the IA Account), career paths for the affected rating, advantages and disadvantages of a merger, advancement opportunity, sea/shore rotation, opportunities for women, clearance issues, NEC issues, reserve implications, Armed Services Vocational Aptitude and Batter Test (ASVAB) scores, rating badge, and rating name.
Enclosure (1) Sample

1. **Purpose:** Mention any steering committee meetings or groups that met to review rating issues and policies, project future requirements and make recommendations which would include the concept brief given to the Manpower, Personnel and Training Working Group (MPTWG) for concept development.

2. **Justification:** Explanation of how it will benefit the Navy and the Sailors. Examples of Sailors’ benefits could be promotion opportunities, diversity of assignments and/or training etc.

3. **Rating Scope:** To include existing/proposed. Individual Learning Centers or Enlisted Community Managers would provide this.

4. **Career Path:** To include existing/proposed. Current Career Path can be found in NAVPERS 18068F. Should include advancement opportunities.

5. **Billet Structure:** To include existing/proposed. Break-down Sea and Shore. This would be the Enlisted Programmed Authorization (EPA) Structure. Include Reserve EPA Tables (existing/proposed). Should include explanation how the new billet structure would be displayed. If excess billets will be achieved with the merger, should include explanation on how the excess billets would be recoded (sea/shore). If additional billets are required, include an explanation on where the compensation would come from. Is there workload to support additional billets? Who will pay for the additional billets?

6. **Personnel Inventory:** To include existing/proposed. Separate tables for active and reserve. Give total number of personnel and display percentage breakdown by paygrade. If all current personnel are not required in the new proposed rating, how will conversions be handled?

7. **Training:** To include existing/proposed (what schools, location, duration, CBT, OJT etc). Need to state who will absorb the cost if there is a training requirement increase. Will there be a difference course (for the higher paygrades) offered when the merger is complete? Will CDs need to be developed? Will PCS be involved if training sites move or if a new training site is established. Has the PCS been planned for? Does the Navy have resources (trainers) to train at the new proposed site? Consider training sites that award an NEC. Is there going to be an Individual Accounts (IA) increase? Will these schools be consolidated?

8. **Resource/Warfare Sponsor/NOOT:** A statement to the effect they will ensure the cost associated with the rating merger will be programmed for as required.

9. **NEC:** Will a new NEC need to be established? Will NEC’s need to be merged? Will NEC’s need to be deleted. Will source ratings need to be changed or added? School producing NEC’s should be addressed under Training.

10. **Women:** Open etc.? Any concerns or issue regarding women if the ratings merge/disestablish/establish (example – bunks at sea)?

11. **Clearance Issues/Naturalization Issues:** To include existing. Will this change once the ratings are merged? How will the billets and personnel be affected? Due to the backlog of SCI security clearance adjudications, it is imperative to discuss any issues this backlog causes WRT to accomplishing the mission (i.e. junior Sailors may sit at a PCS duty station for over a year before getting a final TS SCI security clearance, so what are we going to do prior to their arrival to shorten this time lag?)

12. **Reserves:** Impact. How will they handle the conversion? Does anything pose a problem for the Reserves (i.e. cost, women, time requirements, etc)?

13. **Facilities/Equipment:** MILCON issues, equipment purchases, etc.

14. **Sea/Shore Rotation:** To include existing/proposed (ECM can give you this information). If the existing is changing, give an explanation.

15. **Rating Badge:** Will existing remain or will it change? If change is needed, notify the NEXCOM, and in the proposal state what it will be and if the name changes, add that as well.

16. **Timeframe:** Here you will need to explain the timeframe involved to implement the proposal. (example: Will you do E9 & E8, then E7, and E6 and below) or will the implementation occur all at one time? When will conversion be completed?

17. **Summary:** Pros and cons. Closing remarks
NAVY ENLISTED CLASSIFICATION (NEC) CHANGE REQUEST

TO: NEC Management Section, Pers-4013

VIA: □ USN □ USNR □ TAR □ SELRES □ OTHER

1. SOCIAL SECURITY NUMBER: ____ ____ ____ ____

2. NAME (LAST, FIRST, MI): __________

NAVPERS 1221/6
INSTRUCTIONS FOR COMPLETION OF NAVPERS 1221/6

THE USE OF THIS FORM IS RESTRICTED TO NAVAL ACTIVITIES REPORTING NAVY ENLISTED CLASSIFICATION (NEC) DATA FOR INCLUSION INTO THE ENLISTED ASSIGNMENT INFORMATION SYSTEM.

FOWARD TO:

USN/USNR (TAR) / USNR-R (SELRES)

NAVY PERSONNEL COMMAND
PERS-4013 (NEC MGMT SECTION)
5720 INTEGRITY DRIVE
MILLINGTON, TN  38055-3340
COMM:  (901)873-5210/5211/5213  FAX:  (901) 873-5253
DSN: N/A
EMAIL: EPMAC_NEC_REQUEST@NAVY.MIL

NOTE: (1)  USNR MUST GO "VIA" APPROPRIATE NAVAL RESERVE READINESS COMMAND/CENTER (FOR SURFACE ACTIVITIES) AND NAVAL RESERVE ACTIVITIES (NRA FOR AVIATION ACTIVITIES).  USNR-R CLASSIFICATION COORDINATORS WILL COMPLETE BLOCK 17 PRIOR TO FORWARDING TO PERS-4013.

BLOCK #

1 - 3 MEMBER INFORMATION:
 SSN - SELF EXPLANATORY
 NAME - LAST NAME, FIRST NAME, MIDDLE INITIAL.
 RATE/RANK - EXAMPLE: PN2, ATC

NOTE: (2)  IF SUBMITTING A REQUEST FOR THE SAME NEC BUT MORE THEN ONE MEMBER, ENTER "SEE ATTACHED" ON BLOCKS 1 AND 2, AND ATTACH A LIST WITH THE RATE, NAME & SSNs OF THE MEMBERS TO THE NAVPERS 1221/3.

4 UIC - COMMAND UNIT IDENTIFICATION CODE (UIC) TO WHICH MEMBER IS PERMANENTLY ATTACHED

5 COMPONENT - CHECK APPROPRIATE BOX

6 RESERVE CLASSIFICATION - MEMBERS OF USN LEAVE THIS BLANK. MEMBERS OF THE USNR CHECK APPROPRIATE BOX

7 NEC ACTION REQUEST - CHECK THE APPROPRIATE BOX. ONLY IDENTICAL TRANSACTIONS MAY BE REPORTED ON A SINGLE FORM. WHEN MULTIPLE ACTIONS ARE BEING RECOMMENDED FOR DIFFERENT REASONS, SEPERATE FORMS MUST BE SUBMITTED.

8 NAVY ENLISTED CLASSIFICATION (NEC) - THE NEC(S) FOR WHICH ACTION IS REQUESTED.

9 AMPLIFYING REMARKS - A BRIEF STATEMENT EXPLAINING WHY THE REQUEST IS BEING SUBMITTED. FOR "COI COMPLETION" NEC’S ANNOTATE THE COURSE IDENTIFICATION NUMBER THE MEMBER COMPLETED, AND ALSO INCLUDE SUPPORTING DOCUMENTATION WITH THE NAVPERS 1221/3 IN ORDER TO EXPEDITE YOUR REQUEST.

10 SIGNATURE OF CERTIFYING OFFICER - AUTHORITY TO CERTIFY ROUTINE AWARD OF NECS MAY BE DELEGATED BY THE COMMANDING OFFICER OR OFFICER IN CHARGE. HOWEVER, NEC REMOVALS AND ARCHIVE REQUESTS MUST BE SIGNED BY THE COMMANDING OFFICER OR THE ACTING OFFICER IN CHARGE.

11 DATE - DATE SIGNED BY CERTIFYING OFFICER

12 DSN PHONE - SELF EXPLANATORY

13 COMMERCIAL PHONE - SELF EXPLANATORY

14 EMAIL ADDRESS - SELF EXPLANATORY (FOR FASTER RETURN OF NEC REQUEST)

15 DSN FAX - SELF EXPLANATORY (FOR FASTER RETURN OF NEC REQUEST)

16 COMMERCIAL FAX - SELF EXPLANATORY (FOR FASTER RETURN OF NEC REQUEST)

17 FIRST ENDORSEMENT - THIS BLOCK IS TO BE USED ONLY BY THE "VIA" ADDRESSEE TO ANNOTATE THEIR RECOMMENDATION FOR APPROVAL/DISSAPPROVAL OF THE NEC REQUEST. FOR NEC CHANGE REQUEST OF USNR-R (SELRES) PERSONNEL THIS BLOCK WILL BE USED BY THE CLASSIFICATION COORDINATORS. PERS-4013 IS THE FINAL APPROVING AUTHORITY FOR NEC REQUEST.

NOTE: (3)  EFFECTIVE DATE ON THE "APPROVED" BLOCK IS THE DATE THE NEC WAS AWARDED/REMOVED. ANNOTATE THE ENLISTED DISTRIBUTION VERIFICATION REPORT (EDVR) AND THE SERVICE RECORD PAGE 4 WITH THIS DATE.

NOTE: (4)  ACTIVE - ALL NEC CHANGES SHOULD APPEAR ON YOUR NEXT COMMAND EDVR. RESERVE - ALLOW 7 TO 10 DAYS FOR CHANGES TO APPEAR ON YOUR COMMAND RAUD.

NOTE: (5)  THIS FORM IS NOT TO BE USED FOR DISTRIBUTION NEC (DNEC) CHANGE PROPOSALS. FOR DNEC CHANGES, REFER TO THE DMRSMAN (EPMAC DOCUMENT 1080#1 UM-02).

PRIVACY ACT STATEMENT FOR NAVPERS 1221/3 "NAVY ENLISTED CLASSIFICATION (NEC) CHANGE REQUEST"

THIS STATEMENT IS PROVIDED IN COMPLIANCE WITH THE PROVISIONS OF THE PRIVACY ACT OF 1974 (PL 93-579) WHICH REQUIRES THAT FEDERAL AGENCIES MUST INFORM INDIVIDUALS WHO ARE REQUESTED TO FURNISH INFORMATION ABOUT THEM SELFS AS TO THE FOLLOWING FACTS CONCERNING THE INFORMATION REQUESTED.

1. AUTHORITY:  TITLE 10 AND 37 U.S.C.

2. PRINCIPAL PURPOSE(S):  TO ACCESS MEMBER DATA ON THE ENLISTED ASSIGNMENT INFORMATION SYSTEM.

3. ROUTINE USE(S):  TO PROCESS AWARD(S), REMOVAL(S) AND WAIVER(S) AS REQUESTED ON THE NAVPERS 1221/3.

4. MANDATORY OR VOLUNTARY DISCLOSURE:  IF THE MEMBER DOES NOT PROVIDE SOCIAL SECURITY NUMBER THE NEC REQUEST WILL NOT BE PROCESSED.
